Digital Media Distribution Paul McDonald, Courtney Brannon Donoghue, Timothy Havens, 2021-09-07 A deep dive into the new era of digital content production and distribution In the twenty first century the platforms that both create and host content have become nearly as important as media itself Companies such as Netflix Spotify and YouTube have attained a massive hold on the public imagination and have become an almost ineluctable part of people s everyday lives While the workings of media distribution had until very recently remained inconsequential to the average consumer the recent popularization of various online platforms has made the question of distribution immediate to everyone *Digital Media Distribution Portals Platforms Pipelines* provides a timely examination of the multifaceted distribution landscape in a moment of transformation and conceptualizes media distribution as a complex site of power privilege and gatekeeping These tensions have local national and global consequences on the autonomy of creative workers as well as on how we gain access to engage with and understand cultural products Drawing on original research into distribution practices in industries as diverse as television film videogames literature and adult entertainment each chapter explores how digitization has changed media distribution and its broader economic industrial social and cultural implications Bringing together experts from around the world and across the media industries *Digital Media Distribution Portals Platforms Pipelines* presents a vast array of critical approaches and illustrative case studies for understanding the factors that have an impact on the way media travels and moves throughout our digital lives

I'm a Climate Optimist Aakash Ranison, 2023-06-12 India s First Carbon Neutral Book Whenever climate change as a topic pops up in a conversation someone ends the conversation with What can I do about it This book is the answer to those all what can I dos Covering all the aspects of day to day life like food textile transportation tourism beauty home education business etc along with Industry specific expert comments Climate change is mostly talked about in a very technical language and is full of jargon like Climate Emergency Carbon Neutral Carbon Positive Net Zero Below 2 C which is one of the biggest issues that the majority of people don t understand the problem This book focuses on simplifying climate change and sustainability so that everyone can understand and take action toward achieving the Sustainable Development Goals of the United Nations If we learn to make conscious decisions regarding our consumption habits we surely can get closer to achieving the target agreed upon in the landmark Paris agreement Get hold of this book to learn the art of making our planet more liveable and sustainable

Virtual Competition Ariel Ezrachi, Maurice E. Stucke, 2016-11-14 A fascinating book about how platform internet companies Amazon Facebook and so on are changing the norms of economic competition Fast Company Shoppers with a bargain hunting impulse and internet access can find a universe of products at their fingertips But is there a dark side to internet commerce This thought provoking expos invites us to explore how sophisticated algorithms and data crunching are changing the nature of market competition and not always for the better Introducing into the policy lexicon terms such as algorithmic collusion behavioral discrimination and super

platforms Ariel Ezrachi and Maurice E Stucke explore the resulting impact on competition our democratic ideals our wallets and our well being We owe the authors our deep gratitude for anticipating and explaining the consequences of living in a world in which black boxes collude and leave no trails behind They make it clear that in a world of big data and algorithmic pricing consumers are outgunned and antitrust laws are outdated especially in the United States Science A convincing argument that there can be a darker side to the growth of digital commerce The replacement of the invisible hand of competition by the digitized hand of internet commerce can give rise to anticompetitive behavior that the competition authorities are ill equipped to deal with Burton G Malkiel Wall Street Journal A convincing case for the need to rethink competition law to cope with algorithmic capitalism s potential for malfeasance John Naughton The Observer
