**The Economics of the Popular Music Industry** C. Byun,2016-04-29 This Palgrave Pivot uses modeling from microeconomic theory and industrial organization to demonstrate how consumers and producers have responded to major changes in the music industry Byun examines the important role of technology in changing its structure particularly as new methods of creating and accessing music prove to be a double edged sword for creators and producers An underlying theme in the project is the question of how the business of music affects creativity and how artists continue to produce creative output in the face of business pressures the erosion of copyright enforcement and rampant online piracy In addition to being a useful resource for economists interested in the music industry this approachable Pivot is also ideal for business and music majors studying the effect of technology on their chosen fields

**Services Marketing** Karen P. Gonçalves,1998 Appropriate for courses in Services Marketing In Services Marketing Gon alves uncovers and examines how the marketing of services differs from that of products The text uses numerous cases and examples drawn from a variety of service settings to demonstrate and reinforce discussion of theoretical concepts

**Hi-fi News** ,2002

**Classical and Contemporary Sociological Theory** Scott Appelrouth,Laura Desfor Edles,2008 A unique hybrid of text and readings this book combines the

major writings of sociology's core classical and contemporary theorists with an historical as well as theoretical framework for understanding them. Laura Desfor Edles and Scott A Appelrouth provide not just a biographical and theoretical summary of each theorist reading but an overarching scaffolding which students can use to examine, compare and contrast each theorist's major themes and concepts. No other theory text combines such student friendly explanation and analysis with original theoretical works. Key features include Pedagogical devices and visual aids charts, figures and photographs to help summarize key concepts illuminate complex ideas and provoke student interest. Chapters on well known figures such as Marx, Weber, Durkheim, Parsons and Foucault as well as an in depth discussion of lesser known voices such as Charlotte Perkins Gilman, WEB Du Bois and Leslie Sklair. Photos of not only the theorists but of the historical milieu from which the theories arose as well as a glossary at the back.

**Entertainment Law**, 2006      Introduction to Economics Dale M. Sievert, 1997

**Economics and Contemporary Issues** Michael R. Edgmand, Ronald L. Moomaw, Kent W. Olson, 2004 This text examines major economic issues pertaining to education, health care, Social Security, unemployment, inflation and international trade. It also examines social and political phenomena such as the collapse of communism and central planning, the role of government in a modern economy, crime and drugs, poverty and the failure of some economies to grow. The book maximizes the advantages of an issues oriented approach to the non majors course by examining topics that interest students while developing core economic principles and providing insights, challenges and an analytical framework all of which emphasize critical thinking. Students who study this textbook will develop an increased interest in economics seeing it as important in understanding issues that affect them personally as well as in understanding today's news headlines. This book develops principles and applications to issues more thoroughly and provides much more of an international perspective than most of the others like it on the market.

**SPIN**, 1991-11 From the concert stage to the dressing room from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews and a discerning critical ear.
