## **The Saints The Rhodesian Light Infantry:**

**The Saints** Alexandre Binda, 2007 We've seen the stories of the more glamorous Selous Scouts the SAS and the Rhodesian Air Force but very little about the RLI often underrated but arguably one of the most effective counter insurgency units of all time This was the unit that brought the Fireforce concept to the world's attention the devastatingly ruthless airborne envelopment and annihilation of a guerrilla enemy Dubbed The Killing Machine by Charles D Melson chief historian of the US Marine Corps the RLI was a veritable foreign legion with over 20 diverse nationalities serving in her ranks The RLI a truly international airborne battalion fought the bitter Zimbabwean bush war for 15 years against the overwhelming tide of communist trained guerrillas Kill rates don't win wars but during its brief 19 year history it is estimated that the RLI accounted for between 12 000 and 15 000 enemy guerrillas for the loss of 135 men RLI soldiers were recipients of four Silver Crosses and 42 Bronze Crosses of Rhodesia An RLI trooper holds the world record for operational parachute descents a staggering 73 jumps most under 500 feet The Saints is not intended as a definitive history but with more of a classic scrapbook feel the presentation attempts to capture the essence of this fine unit what it was like to be a trooper one of the *ouens* Alexandre Binda was born in Beira Mozambique in 1945 He joined the Rhodesian Army in 1965 Although he had attested into the Pay Corps he was to get more operational and combat experience than any of his colleagues Between 1968 and 1972 he took part in a dozen or so deployments with RLI and SAS combat tracker teams in support of the Portuguese Army in the Tete Province of Mozambique countering Frelimo and ZANLA guerrilla incursions from the north He was awarded a Military Forces Commendation During his 15 years in the Rhodesian Army he did a four year tour of duty with the Selous Scouts and was commissioned in 1979 Alex is a keen student of African military history and has written several articles for *Lion Tusk* the magazine of the Rhodesian Army Association He is also author of *Masodja A History of the Rhodesian African Rifles*

*Africa's Commandos* Mark Adams, 2012 Few if any regiments have left their mark on the history of modern warfare as did the Rhodesian Light Infantry The RLI first evolved into a commando unit then became involved in mundane border control duties in the Zambezi Valley Later as the bush war intensified the RLI was to evolve into a ruthlessly efficient killing machine This book chronicles

**Rhodesian Light Infantryman 1961-80** Neil Grant, 2015-11-20 This title will detail the training weapons equipment and combat experience of the soldiers of the Rhodesian Light Infantry from 1961 to 1980

**The Cheetah** Chris Cocks, 2011 The Cheetah is the regimental association magazine for the Rhodesian Light Infantry RLI It was last published in hard copy format in 1980 To celebrate the 50th anniversary of the founding of the RLI the RLIRA has decided to bring out this hard copy commemorative glossy edition that takes a nostalgic journey back in time

*Fireforce* Chris Cocks, 2011-07-15 The horror of guerrilla warfare in Africa Fireforce is the compelling brutal but true account of Chris Cocks's service in 3 Commando The Rhodesian Light Infantry during Zimbabwe's bitter civil war of the 70s a war that came to be known almost innocuously as the bush war Fireforce a tactic of total airborne envelopment was

developed and perfected by the RLI together with the Selous Scouts and the Rhodesian Air Force Fireforce became the principal strike weapon of the beleaguered Rhodesian forces in their struggle against the overwhelming tide of the Communist trained and equipped ZANLA and ZIPRA guerrillas. The combat strain on a fighting soldier was almost unbelievable for the Rhodesians who were always desperately short of ground troops were sometimes obliged to parachute the same men into action into as many as three enemy contacts a day. While estimates of enemy casualties vary there seems little doubt that the RLI accounted for at least 12 000 ZANLA and ZIPRA guerrillas but not without cost. Fireforce is not for the squeamish. Although it has been written with unforgettable pathos and humour it tells of face to face combat in the bush and death at point blank range. It is a book which does nothing to glorify or glamorize war for as Chris Cocks found at such a young age war is merely a catalogue of suffering, destruction and death. Fireforce has been described by critics as being to the Rhodesian War what *All Quiet On The Western Front* was to World War I and *Dispatches* was to Vietnam. Read it it will be an experience you never forget. Chris Cocks lives in Johannesburg. This is the fourth edition of *Fireforce*. He is a partner in the South African Publishing house 30 South Publishers. Cocks is also the author of *Out of Action* and co author of *The Saints The Rhodesian Light Infantry*. Special Warfare, 2008. *A Handful of Hard Men* Hannes Wessels, 2015-10-19. A biography of a Special Forces soldier who battled the forces of Mugabe and Nkomo earning a reputation as a military maestro. During the West's great transition into the post colonial age the country of Rhodesia refused to succumb quietly and throughout the 1970s fought back almost alone against Communist supported elements that it did not believe would deliver proper governance. During this long war many heroes emerged but none more skillful and courageous than Capt Darrell Watt of the Rhodesian SAS who placed himself at the tip of the spear in the deadly battle to resist the forces of Robert Mugabe and Joshua Nkomo. It is difficult to find another soldier's story to equal Watt's in terms of time spent on the field of battle and challenges faced. Even by the lofty standards of the SAS and Special Forces one has to look far to find anyone who can match his record of resilience and valor in the face of such daunting odds and with resources so paltry. A bush lore genius blessed with uncanny instincts and an unbridled determination he had no peers as a combat tracker and there was plenty of competition. The Rhodesian theater was a fluid and volatile one in which he performed in almost every imaginable fighting role as an airborne shock trooper, leading camp attacks, long range reconnaissance operator, covert urban operator, sniper, saboteur, seek and strike expert and in the final stages as a key figure in mobilizing an allied army in neighboring Mozambique. After twelve years in the cauldron of war his cause slipped from beneath him however and Rhodesia gave way to Zimbabwe. When the guns went quiet Watt had won all his battles but lost the war. In this fascinating biography we learn that in his later years he turned to saving wildlife on a continent where animals are in continued danger, devoting himself to both the fauna and African people he has cared so deeply about. **A Matter of Weeks Rather Than Months** J. R. T. Wood, 2012. Founded on 35 years of research into the post 1945 Anglo Rhodesian history this book complements Richard
