*Media Libraries in an Age of Unending Consumption* Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today's corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest

De Gruyter Handbook of Media Technology and Innovation Richard A. Gershon, 2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It's about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward
