The Way Forward Nurturing New Believers:

The Way Forward - Nurturing New Believers Michael Green, 2013-05-31 This little book was written to help new Christians make the transition to a wholly different life on which they've now embarked. The Way Forward stands as a bridge between the non-Christian or the merely nominal church member and those who are actively enjoying the warm relationships of fellowship in Christ. Sadly, there is a real shortage of materials that can be used to address the critical need of nurturing a new believer. New believers definitely need some help if they are going to be able to adjust to the fresh world of being in Christ. In *The Way Forward*, Michael Green gives us exactly what is needed: a refreshingly straightforward path but a theologically sound one that also leaves room for the Holy Spirit to work. It is aimed at those who have recently come to personal faith in Christ but is also of value for any Christian. The content has already proved to be fruitful, having been extensively tested in both church and university settings in America and the U.K.

Practices of Power Robert Ewusie Moses, 2014 The conception of powers and principalities in Paul's thought has been amply explored, but how did the powers work in the Pauline community? Robert Ewusie Moses argues that Paul's conception of the powers is best understood through examining the practices he advocates for the early believers. In this detailed study, Moses shows that Paul believed certain practices guarded believers from the dominion of the powers while others exposed humans to the work of powers of darkness. Moses traces the distinct function of power practices in each of Paul's letters and draws illuminating comparisons with traditional African religious practices.

The Living Church, 2002-06

From the Ground Up Stephen Leston, 2025-06-27 In the pursuit of making disciples of all nations, it's essential to remember the core of our mission: gospel-centered relationships. It's not about numbers or visible success. Instead, it's about the deep personal connections we form to make disciples. Yet in a world where globalism clashes with nationalism and tribalism, and civilizations clash with civilizations, missionaries face tough challenges to overcome hate and distrust and authentically engage believers. In a comprehensive guide filled with wisdom and personal stories, pastor and missionary Stephen Leston relies on his professional experience in cross-cultural church planting in complex regions to share a groundbreaking approach to church planting and discipleship. He frames discipleship as a lifelong journey for followers of Jesus, not at the moment of conversion or teaching doctrine. Included are strategies to navigate diverse and hostile environments while fostering vibrant communities, practical methods to build trust and ensure the church blends seamlessly with the local culture without compromising the gospel, and reminders to measure discipleship impact through the lens of relationships and multiplication, not attendance, buildings, or cash. *From the Ground Up* offers a revolutionary approach and practical strategies that guide church planters and missionaries to first love people, then make disciples, and then form those disciples into local churches.
