*Anthem of Misogyny* Ibtissam Bouachrine, 2022-10-03

*Anthem of Misogyny* The War on Women in North Africa and the Middle East argues that misogyny which operates through an interconnected network of ideologies institutions beliefs aesthetics and cultural trends is too complex and too deep rooted to eradicate with superficial changes Like a national anthem misogyny in North Africa and the Middle East has acquired a sacred status It is accepted uncritically and woven effortlessly into daily practices creating a community of men of different ages educational levels and socioeconomic backgrounds who are united in their sense of entitlement to evaluate scrutinize deter question and expose women For women it is as if they are in a state of perpetual war forever on the verge of being accused of deviating from the norms and being punished These norms however are neither clear nor predictable This study of misogyny is written against a dominant orthodoxy in Western feminism Critics are accused of gendered orientalism savior complexes and even Islamophobia if they dare to bring up misogyny and gender based violence in North Africa and the Middle East in contexts other than calling it a Western created issue Rather than exaggerate Western agency this book is invested in making Muslim agency visible There are narratives of violence and injustice that produce discomfort anger and even despair These stories deserve to be told and those behind the injustices are entitled to an unfiltered portrayal because the non West too is deserving of unapologetic feminist critique
