Falletta, 2024-02-27

Discover how to develop and implement an HR analytics system that benefits employees as well as your organization The potential of HR analytics is a major discussion among scholars practitioners thought leaders and technology vendors with companies like Amazon Apple Google and Meta digging deeply

into HR research and analytics practices that extend beyond simple metrics scorecards and reporting. Additionally, ethical questions have begun to arise about the potential abuses of HR analytics with respect to technological advancements and the datafication of personal and often trivial characteristics, preferences, and behaviors that have little relevance to job performance. As a former chief human resources officer, head of Global HR Research and Analytics at a Fortune 100, and thought leader on this subject, Salvatore Falletta has witnessed first hand the emergence of creepy analytics as a hot button issue. In this one-of-a-kind guide, Falletta delivers a proven step-by-step process for establishing HR analytics capabilities that serve employees and organizations alike. You'll learn how to rethink and redefine HR analytics, determine stakeholder requirements, gather and transform data, communicate intelligence results, and establish an ethical ecosystem to ensure HR analytics remains a force for good.
