We Are the Nerds Christine Lagorio-Chafkin, 2018-10-02 Named a Best Book of 2018 by Fast Company this is a sharply written and brilliantly reported Shelf Awareness look inside Reddit the wildly popular often misunderstood website that has changed the culture of the Internet Reddit hails itself as the front page of the Internet It's the third most visited website in the United States and yet millions of Americans have no idea what it is We Are the Nerds is an engrossing look deep inside this captivating maddening enterprise whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt right fury and landing Donald Trump in the White House We Are the Nerds is a gripping start up narrative the story of how Reddit's founders Steve Huffman and Alexis Ohanian rose up from their suburban childhoods to become millionaires and create an icon of the digital age before seeing the site engulfed in controversies and nearly losing control of it for good Based on Christine Lagorio Chafkin's exclusive access to founders Ohanian and Huffman We Are the Nerds is also a compelling exploration of the way we all communicate today and how we got here Reddit and its users have become a mirror of the Internet it has dingy corners shiny memes malicious trolls and a sometimes heart melting ability to connect people across cultures oceans and ideological divides

Focus On: 100 Most Popular 1990s Action Films Wikipedia contributors, **Representing Kink** Sara K. Howe, Susan E. Cook, 2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions
