On a strategic level social media marketing involves the management of the implementation of a marketing campaign governance setting the scope and the establishment of a firm's desired social media culture and tone. For one to use social media effectively you should learn to allow customers and internet users to post user generated content rather than use marketer prepared advertising copy. This is why I bring you this book. Imagine the opportunities it holds for you and your business. All the people waiting for you to show them what you offer.
