**The Enigmatic Coat of Fathers** Yeong Hwan Choi,2024-10-12 I am a writer And ironically I struggle with words Despite publishing books I often find more comfort in equations than in sentences Perhaps it's because I come from a background in engineering and the sciences This latest book however is about my father Korean fathers unlike their Western counterparts are shaped by Confucian traditions They are stoic burdened with the weight of financial responsibility and rarely express emotion An emotionally detached son like me never truly understood his father And now this son is attempting to write about him But much like the first paragraph of this text this one also feels awkward How can someone who neither understands the emotions of others nor expresses his own write about family ties It's a contradiction I live with every day My father every day as he left for work wore a strange coat And now as his son a man defined by an XY chromosome and an inability to grasp emotions I find myself standing before his death attempting to decipher our emotions through numbers and formulas As you know South Korea faces a grave demographic challenge with low birth rates and an aging population The youth are avoiding marriage even shying away from relationships altogether Why is that Could it be in some way due to the mysterious coat When I was young Korean fathers seemed like towering mountains imposing distant unapproachable But when I faced my father's cold lifeless body why did those once broad shoulders seem so small and frail In this wheel of emotional contradictions can we ever truly understand one another This is the story of a son and his father intertwined in the equations of pain and the waves of emotion Have you solved the mystery yet

**Confidential** Valerie Hill-Jackson,2018-02-22 All humans encounter challenges in life teachers are no different Sometimes these trials knock the wind right out of us and cause us to fall into despair Occasionally these setbacks if educators pay attention can offer new insights into ways to rebound from stressful life events Teacher Confidential Personal Stories of Stress Self Care and Resilience tells the stories of seven educators who have fallen but have learned critical life lessons They share these messages in this compilation of nonfiction essays in the voices of PreK 16 educators It relates the personal experiences of teachers and their steps toward healing and self care The educators embrace vulnerability and share on topics such as the death of a spouse workplace bullying the failed induction of a first year passionate teacher domestic abuse that
