The Hamilton Phenomenon Chloe Northrop, 2022-07-05 The Hamilton Phenomenon brings together a diverse group of scholars including university professors and librarians educators at community colleges Ph D candidates and independent scholars in an exploration of the celebrated Broadway hit When Lin Manuel Miranda's musical sensation erupted onto Broadway in 2015 scholars were underprepared for the impact the theatrical experience would have Miranda's use of rap hip hop jazz and Broadway show tunes provides the basis for this whirlwind showcase of America's past through a reinterpretation of eighteenth century history Bound together by their shared interest in Hamilton an American Musical the authors in this volume diverge from a common touchstone to uncover the unique moment presented by this phenomenon The two parts of this book feature different emerging themes ranging from the meaning of the musical on stage to how the musical is impacting pedagogy and teaching in the 21st century The first part places Hamilton in the history of theatrical performances of the American Revolution compares it with other musicals and fleshes out the significance of postcolonial studies within theatrical performances Esteemed scholars and educators provide the basis for the second part with insights on the efficacy

benefits and pitfalls of teaching using Hamilton Although other scholarly works have debated the historical accuracy of Hamilton The Hamilton Phenomenon benefits from more distance from the release of the musical as well as the dissemination of the hit through traveling productions and the summer 2020 release on Disney Through critically engaging with Hamilton these authors unfold new insights on early American history pedagogy costume race in theatrical performances and the role of theatre in crafting interest in history Birnbaum's Walt Disney World Jill Safro, Wendy Lefkon, 2005-09 2006 edition of the official guide to Walt Disney World Contains all the latest tips tricks and information on everything in the Magic Kingdom from new rides and attractions to places to eat days out from Walt Disney World and places to stay All the new FastPass attractions are comprehensively listed and every budget is catered for The only official Walt Disney Guide Birnbaum is uniquely able to include last minute revisions and updates to prices schedules and attraction information making Walt Disney World 2006 an indispensable companion for any visitor The Best Web Sites for Teachers Vicki F. Resources in Education, 1982 Serves as an index to Eric reports microform **Once Upon an American Dream** Andrew Lainsbury, 2000 Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe's love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty's Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic

as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about Arts and Activities ,1977 **Hispanic Times Magazine** ,1992 **The Little Mermaid Magazine: Fall 1992** ,1992 **Instructor** ,1980 **Entrepreneurs** Bill Bolton,John Thompson,2000 A study of entrepreneurs not just in small businesses but within all sectors of the market Using case studies to show the different types the authors provide theoretical chapters on issues within entrepreneurship the process where it goes wrong and how it can be encouraged and sustained We all know an entrepreneur when we see one This ground breaking book reviews more than a hundred entrepreneurs from all walks of life and backgrounds and sets their stories within a rigorous analytical framework in order to give a critical insight into What entrepreneurs do and achieve How they go about it How they could be better supported The key point though is whether there are more people out there with the potential to be successful entrepreneurs and if so how they might be identified and fostered This book opens up this subject using for the first time the themes of talent temperament and technique which in the correct mix produce outstanding entrepreneurs Using the ideas presented it should be possible to tap more effectively the well of entrepreneurial talent that the authors identify The release of this entrepreneurial talent could transform the numerous programmes for promoting business start up and growth It is the missing ingredient in many of these initiatives **Adweek** ,1990 Volumes for 1981 198 include four special directory issues **The Professional Audio Sourcebook** ,2003
