Take Control of Your Apple Account, 2nd Edition Glenn Fleishman, 2025-09-10 Prevent or solve problems with your Apple Account Version 2.0 updated September 10, 2025 The center of the Apple world is your Apple Account. This identifier ties up your access to iCloud, to purchased and streaming music, TV and movies, and to all your devices. While an Apple Account is essential, Apple has made it difficult to navigate the many features associated with it, and particularly to troubleshoot and resolve problems that crop up. This book answers dozens of questions and guides you through solutions. It also explains how to use security recovery and other features tied to your Apple Account. Everything Apple relies on your Apple Account. It's a key that unlocks a long list of Apple products and services on any of numerous devices. iCloud uses an Apple Account, as does Apple Music, the App Store, the Music, TV and Books apps, and more. An Apple Account protects your personal information, including email, and iPhone, iPad backups help you find a lost iPhone, iPad, Mac, or Apple Watch, and can even unlock your Mac. So it goes without saying that if something goes wrong with your Apple Account, you could be in for a world of hurt. Unfortunately, things go wrong with Apple Accounts all the time. Fortunately, Glenn Fleishman, a veteran technology journalist and the author of Macworld's Mac 911 column, is ready to help with expert advice on how to manage your Apple Account, including how to prevent, solve, or work around most common problems. This book is fully up to date with iOS 16, iPadOS 16, macOS 12, Tahoe, watchOS 8, tvOS 16, and other Apple products and services. In this book, Glenn answers questions like: What all is my Apple Account used for? How does my iCloud account relate to my Apple Account? What's two-factor authentication, and how do I manage it and not get locked out of my account? Should I invest in hardware security keys to up the protection of my Apple Account? Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem? Spoiler: yes. What should I do if I have two or more Apple Accounts or iCloud accounts? Will I lose access to all my Apple media purchases if I move to another country? Can I share an Apple Account with someone else? What does an Apple One subscription offer, and how does it interact with Family Sharing and iCloud storage tiers? Is there an explanation for how code-based and hardware-based second factors protect my account, and how they differ from passkeys? Yes. What exactly should I do if I think someone is hacking my Apple Account? How can I recover a forgotten Apple Account password? What happens if I'm assaulted or drugged, and someone gains access to my iPhone passcode and resets my Apple Account? Sadly, a too-real, if uncommon, problem. What steps should I take if Apple locks me out of my account? If I lose access to an email address associated with my Apple Account, what can I do? What Apple Account changes in recent versions of iOS, iPadOS, and macOS do I need to know about? How can I use Family Sharing to share data and purchases within my family? What types of subscriptions can I manage with my Apple Account, and how? Which payment methods can I associate with my Apple Account, and how do I manage them? And that's just the beginning. Glenn has packed a remarkable amount of concise problem-solving information into this comprehensive book. Read it before you encounter Apple Account problems to minimize your risk, and if

you've already encountered a problem read it to find the best path to a rapid solution Teach Yourself VISUALLY OS X Mountain Lion Paul McFedries, 2012-08-20 Get to know the new cat in the pride Mac OS X Mountain Lion with this VISUAL guide Apple's new Mac OS X Mountain Lion is impressive with features and functions that will be familiar to Mac users from their iPhones and iPads Make sure you get the most out of your new big cat with this practical guide Using step by step instructions and full color screenshots or illustrations on virtually every page the hallmark of the practical Teach Yourself VISUALLY series this book clearly shows you how to accomplish tasks rather than burying you with paragraphs of text You'll learn how to customize your Mac make the most of your digital media use OS X's new Game Center Messages and Notifications and much more Helps Mac OS X Mountain Lion users get up to speed quickly on all the features of this new Mac operating system such as Game Center Messages and Notifications Teaches practical techniques using easy to follow step by step visuals and brief explanations Features full color screenshots or illustrations on almost every page Also covers how to customize your Mac enjoy your digital media and use peripherals as well as how to continue to get the most out of Mission Control and the App Store Teach Yourself VISUALLY OS X Mountain Lion is the perfect guide for visual learners who want to quickly tame Apple's new Mac OS X Mountain Lion *Apple One For Dummies* Dwight Spivey, 2021-04-27 A bundle of Apple services all in one place All your favorite Apple services are available in one convenient bundle and Apple One For Dummies helps you get the full value out of your subscription What's in this Apple barrel Everything you need to stream music and TV keep up with the news play games store files online and even stay in shape This book gives you a bundle of insight on how to choose the subscription level that's right for you access and link all the services across your Apple and non Apple devices and use all the fun features of each service This book takes you inside Apple Music Apple TV Apple News Apple Arcade iCloud and Apple Fitness showing you how to make the most of each one Apple One For Dummies also shows you how to make changes at any time so you get all the juice out of your subscription Get access to 50 million songs on Apple Plus Discover how the all new Apple Fitness can transform your workout routine Use iCloud to store your photos and videos Understand Apple One's subscription options and get the biggest bang for your buck For Dummies welcomes you to the Apple One stop shop that will make your digital life that much simpler **iPhone 6s Portable Genius** Paul McFedries, 2015-10-01 Take a bite out of all your iPhone has to offer As easy and intuitive as the iPhone is it's more complex than most of us realize and what's better than learning all the insider tips and tricks with the iPhone Portable Genius 3rd Edition Whether you're just starting out with your first iPhone or upgrading to a newer model this full color guide will have you tapping swiping and typing like an Apple genius in no time You'll find essential information about iOS Siri iCloud and how to use your phone to manage organize and navigate your life Written in clear no nonsense language iPhone Portable Genius 3rd Edition offers expert tips and tricks that will save you time and hassles and help you unlock all your device has to offer Designed for the visual learner it provides plenty of full color screenshots that illustrate exactly what you'll see and do
