difficult times and never was the state of the game more imperiled than during the Great Depression Or was it Remarkably  
during the economic upheavals of the Depression none of the sixteen Major League Baseball teams folded or moved In this  
economist s look at the sport as a business between 1929 and 1941 David George Surdam argues that although it was a very  
tough decade for baseball the downturn didn t happen immediately The 1930 season after the stock market crash had record  
attendance But by 1931 attendance began to fall rapidly plummeting 40 percent by 1933 To adjust teams reduced expenses  
by cutting coaches and hiring player managers While even the best players such as Babe Ruth were forced to take pay cuts  
most players continued to earn the same pay in terms of purchasing power Baseball remained a great way to make a living  
Revenue sharing helped the teams in small markets but not necessarily at the expense of big city teams Off the field owners  
devised innovative solutions to keep the game afloat including the development of the Minor League farm system night  
baseball and the first radio broadcasts to diversify teams income sources Using research from primary documents Surdam
