[The PayPal Wars](#) Eric M. Jackson, 2023-07-18 Peter Thiel Elon Musk and the rest of the PayPal Mafia are

now household names who've reshaped technology, automobiles, space travel, and politics. But two decades ago they were unsung entrepreneurs attempting to launch a Silicon Valley startup against overwhelming odds. That improbable journey started in the shadow of Stanford University when Thiel met Max Levchin, a Ukrainian engineer who recently moved to California. Years before anyone had heard of Bitcoin, the two set out to build an online payment service that could reduce government control over currency by empowering people around the globe. But after their startup PayPal survived the dot-com crash only to find itself besieged by an unimaginable series of challenges that lofty dream threatened to become a nightmare. Former insider Eric M. Jackson's telling of PayPal's origins is an eyewitness account to technology history as well as an engrossing story of human struggle and perseverance against overwhelming odds. PayPal went from unknown startup to online powerhouse in just three years, but for the company's team it was not an easy journey. The entrepreneurs that joined together to overhaul world currency markets first had to face one of the greatest series of trials ever thrown at a startup before becoming part of Silicon Valley lore. Jackson's lively blow-by-blow account of PayPal's death-defying beginnings and ferocious battles offers a detailed perspective that only an eyewitness could provide. Read *The PayPal Wars* and you'll learn how Elon Musk joined with Peter Thiel and how the two future titans would soon square off to control the company. Organized crime attempted to ransack PayPal, but the company fought back. Government bureaucrats and regulators ferociously tried to shut down the upstart payments service. Turmoil pushed PayPal to the brink of insolvency before Thiel and his team turned the business around. Our clashes with the credit card associations, the banking lobby, state regulators, foreign Mafioso, and litigation-happy lawyers significantly increased as the company's profile grew, writes Jackson, adding that the initial public offering that was meant to strengthen PayPal with an infusion of cash ironically attracted a rogue's gallery of foes instead. The modern business environment, Jackson concludes, turned out to be more hostile than even our fiercest competitor. This somber warning that regulators, lawyers, and lobbyists threaten to undermine American entrepreneurship makes *The PayPal Wars* a timely read for every concerned citizen.

Three Weeks to eBay Profits Skip McGrath, 2009. Solid gold information from a Gold level seller. Veteran eBay expert and author Skip McGrath presents a completely updated guide to the new, drastically altered site. Under its new management, eBay has instituted many important changes, and this revised edition addresses the company's modified fee structures, new and controversial feedback system, and more, while guiding sellers through the steps of starting, expanding, and automating a successful eBay business. McGrath offers tips on what's popular with eBay's buyers as well as on drop shipping, controlling costs, managing inventory, writing headlines, and descriptions that sell, launching your first auctions, and more.

**Online Arbitration in Theory and in Practice** Ihab Abdel Salam Amro, 2019-01-08. This book presents an overview of online arbitration and electronic contracting worldwide, examining their national and international contexts and assessing their ongoing relevance. It offers solutions to the salient challenges facing both online arbitration and electronic contracting, dealing first-hand with online arbitration as an online dispute

resolution technique for solving both traditional and electronic commerce disputes that may arise out of the breach of contractual obligations in international commercial contracts while also comparing between common law and civil law countries In the theory of law this book analyses the international legal framework that regulates e commerce and its impact on electronic contracting including Model Laws and International Conventions such as the Model Law on Electronic Commerce of 1996 and the Electronic Communications Convention of 2005 It also investigates whether the UN Convention on Contracts for the International Sale of Goods of 1980 The CISG applies to e commerce contracts In addition it extensively examines the possibility for the enforcement of online arbitration agreements and online arbitral awards under the New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards of 1958 Regarding the practice of law the volume examines how national courts apply both national laws and the New York Convention of 1958 when dealing with the enforcement of online arbitration agreements and whether courts apply the provisions of national laws of arbitration liberally As such it encourages the adoption of a more liberal judicial regime in favour of the enforcement of online arbitral awards and online arbitration agreements in national courts This book represents a valuable resource for academics arbitrators practicing lawyers corporate counsels law students researchers and professionals who are willing to solve their cross border commercial disputes through online arbitration
