DuBois, Black Radical**

Democrat Manning Marable, 1986 Twayne's twentieth century American biography series A biography tracing the development of Du Bois as an American black intellectual who engendered a new understanding of racial issues on the part of the American public *Radicals in their Own Time* Michael Anthony Lawrence, 2010-11-22 *Radicals in Their Own Time* explores the lives of five Americans with lifetimes spanning four hundred years who agitated for greater freedom in America Every generation has them individuals who speak truth to power and crave freedom from arbitrary authority This book makes two important observations in discussing Roger Williams Thomas Paine Elizabeth Cady Stanton W E B Du Bois and Vine Deloria Jr First each believed that government must broadly tolerate individual autonomy Second each argued that religious orthodoxy has been a major source of society's ills and all endured serious negative repercussions for doing so The book challenges Christian orthodoxy and argues that part of what makes these five figures compelling is their willingness to pay the price for their convictions much to the lasting benefit of liberty and equal justice in America The Life of W.E.B. Du Bois Mark Rowh, 2014-12-15 Author activist scholar outspoken W E B Du Bois was the leading voice for justice and civil rights in the United States in his time Born soon after the Civil War Du Bois believed that educated African Americans must lead their people He used his talent as a writer to advocate for change as he helped found the National Association for the Advancement of Colored People NAACP an organization dedicated to social activism Du Bois was a controversial figure in his time but his far reaching efforts and his written legacy have inspired and influenced the generations that followed Today he is regarded as a pioneer for civil rights and one of the greatest civil rights leaders in history **The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West** Timothy L. Lake, 2025-09-18 This book

locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King's moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West's vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society

Progressive Intellectuals and the Dilemmas of Democratic Commitment Leon Fink, 1997 How to lead the people and be one of them What's a democratic intellectual to do This longstanding dilemma for the progressive intellectual how to bridge the world of educated opinion and that of the working masses is the focus of Leon Fink's penetrating book the first social history of the progressive thinker caught in the middle of American political culture In a series of vivid portraits Fink investigates the means and methods of intellectual activists in the first part of the twentieth century how they served observed and made their own history In the stories of among others John R Commons Charles McCarthy William English Walling Anna Strunsky Walling A Philip Randolph W Jett Lauck and Wil Lou Gray he creates a panorama of reform of unusual power Issues as broad

as the cult of leadership and as specific as the Wisconsin school of labor history lead us into the heart of the dilemma of the progressive intellectual in our age The problem as Fink describes it is twofold Could people prevail in a land of burgeoning capitalism and concentrated power And should the people prevail This book shows us Socialists and Progressives and later New Dealers grappling with these questions as they tried to redress the new inequities of their day and as they confronted the immense frustrations of moving the masses Fink's graphic depiction of intellectuals' labors in the face of capitalist democracy's challenges dramatizes a time in our past and at the same time speaks eloquently to our own

Inheritors of the Spirit Carolyn Wedin, 1998 By highlighting the life of a key figure in the NAACP Wedin has given us a welcome addition to the literature of that organization Library Journal In its densely researched sensitively interpreted and crisply written evocation of her subject's career Professor Wedin's biography opens a wide window onto much of the inner life of the NAACP as it evolves from a virtual one person show scripted by the incomparable and sometimes insufferable Du Bois through the unflappable stewardship of James Weldon Johnson and the manic operational brilliance of Walter White to become in classic Weberian progression a well honed bureaucracy of lawyers accountants field secretaries and lobbyists and overwhelmingly of African Americans a vibrant valuable chronicle of an eighty year dedication to economic racial and gender justice from the Foreword by David Levering Lewis
