**The Panzers of Prokhorovka** Ben Wheatley,2023-06-08 A ground breaking new study that transforms our understanding of one of the most famous battles of the Second World War widely mythologized as the largest tank battle in history Today in Russia there are three official sacred battlefields Kulikovo where the Mongols were defeated in 1380 Borodino where Russian troops slowed Napoleon's Grande Armée before Moscow in 1812 the third is Prokhorovka where the Soviet annihilation of Hitler's elite SS Panzer force on 12 July 1943 in the largest armoured clash in history has traditionally been described as a key turning point in the war The Panzers of Prokhorovka challenges this narrative The battle was indeed an important Soviet victory but a very different one to that described above Based on ground breaking archival research and supported by previously unpublished images of the battlefield Ben Wheatley argues that German armoured losses were in fact negligible and a fresh approach is required to understand Prokhorovka This book tackles the many myths that have built up over the years and presents a new analysis of this famous engagement **Waffen SS** George M. Nipe,2002 **Kursk 1943** Anders Frankson,Niklas Zetterling,2016-12-05 The battle at Kursk in 1943 is often referred to as the greatest tank battle in the history of warfare This volume makes extensive use of German archival documents as well as various Russian books and articles As well as an account of the battle it addresses methodological issues **Kursk** Steven H. Newton,2009-02-18 The battle of Kursk fought in the summer of 1943 involved six thousand German and Soviet armored vehicles making it the biggest tank battle of all time and possibly the largest battle of any kind Students of military history have long recognized the importance of Kursk also known as Operation Citadel and there have been several serious studies of the battle Yet the German view of the battle has been largely ignored After the war U.S. Army Intelligence officers gathered German commanders post war reports of the battle Due in part to poor translations done after the war these important documents have been overlooked by World War II historians Steven H. Newton has collected, translated and edited these accounts including reports made by the Chiefs of Staff of Army Group South and the Fourth Panzer Army and by the Army Group Center Operations Officer As a result a new and unprecedented picture of German strategy and operations is made available The translated staff reports are supplemented by Newton's commentary and original research which challenges a number of widely accepted ideas about this pivotal battle **Waffen SS** George M. Nipe, Remy Spezzano,2002 Kursk was a crucial battle on the vast Eastern Front and a battle in which Hitler's elite the Waffen SS distinguished itself as never before In this magnificent series of photo histories Remy Spezzano presents rare and previously unpublished images detailing the uniforms, equipment and weapons of the Waffen SS divisions employed to stem the tide in 1943 **Waffen-SS**,2002 **Kursk 1943** Robert Forczyk,2017-03-14 Beskrivelse af panserslaget ved Kursk i 1943
