**Racial Profiling** Noël Merino, 2014-12-22 The writings in this anthology have been selected to introduce your readers to a wide array of viewpoints on the use of racial profiling in law enforcement Written by foremost authorities in the field these essays express leading liberal conservative and centrist views Each chapter asks a relevant question about the topic and the viewpoints that follow are grouped into yes and no categories Questions debated in this book are whether racial profiling is a problem whether Arab Muslims should be profiled in the War on Terror what the causes and consequences of racial profiling are and what should be done about it

**Concordance** Katherine Tate, 2020-08-24 During the height of the civil rights movement Blacks were among the most liberal Americans Since the 1970s however increasing representation in national state and local government has brought about a more centrist outlook among Black

political leaders Focusing on the Congressional Black Caucus CBC Katherine Tate studies the ways in which the nation's most prominent group of Black legislators has developed politically Organized in 1971 the CBC set out to increase the influence of Black legislators Indeed over the past four decades they have made progress toward the goal of becoming recognized players within Congress And yet Tate argues their incorporation is transforming their policy preferences Since the Clinton Administration CBC members the majority of whom are Democrats have been less willing to oppose openly congressional party leaders and both Republican and Democratic presidents Tate documents this transformation with a statistical analysis of Black roll call votes using the important Poole Rosenthal scores from 1977 to 2010 While growing partisanship has affected Congress as a whole not just minority caucuses Tate warns that incorporation may mute the independent voice of Black political leaders

Matthew Leone,2000-07 A collection of current carefully selected articles from some of the most respected magazine newspapers and journals published today Within the pages of this volume are interesting well illustrated articles by authorities in the field providing effective and useful perspectives on today's important topics in corrections The Illustrated London News , **The Beacon** ,1885 *Not in Our Lifetimes* Michael C. Dawson,2011-10-07 For all the talk about a new postracial America the fundamental realities of American racism and the problems facing black political movements have not changed Michael C Dawson lays out a nuanced analysis of the persistence of racial inequality and structural disadvantages and the ways that whites and blacks continue to see the same problems the disastrous response to Katrina being a prime example through completely different race inflected lenses In fact argues Dawson the new era heralded by Barack Obama's election is more racially complicated as the widening class gap among African Americans and the hot button issue of immigration have the potential to create new fissures for conservative and race based exploitation Through a thoughtful analysis of the rise of the Tea Party and the largely successful blackening of President Obama Dawson ultimately argues that black politics remains weak and that achieving the dream of racial and economic equality will require the sort of coalition building and reaching across racial divides that have always marked successful political movements Polemical but astute passionate but pragmatic *Not in Our Lifetimes* forces us to rethink easy assumptions about racial progress and begin the hard work of creating real lasting change Mainstreaming Black Power Tom Adam Davies,2017-04-11 The traditional narrative of the civil rights movement has been that the more moderate demands of the mainstream movement including Martin Luther King Jr worked but that the more radical demands of the Black Power movement derailed further success *Mainstreaming Black Power* upends the traditional narrative by showing how Black

Power Activists in New York Atlanta and Los Angeles during the 1960s through the 1970s navigated the nexus of public policies black community organizations elected officials and liberal foundations Tom Adam Davies unites local and national perspectives and reveals how the efforts of mainstream white politicians institutions and organizations engaged with Black Power ideology and how they ultimately limited both the pace and extent of change Provided by publisher
