Waking Up In The Sixties:

The Epic Structure of Space 1999 John K. Balor, 2018-02-18 This book contains transcripts from Online Alpha discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll's stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **The World's Work**, 1911 A history of our time

Happy Humanity Frederik van Eeden, 1912 *The Stand* Stephen King, 2025-08-26 Arguably the greatest horror novel ever written by the greatest horror novelist this is a true Modern Classic that was first published in 1978 and then republished in 1990 complete and unabridged with 150 000 words cut from the first edition restored and now accompanied by unusual and imaginative line art The total copies for both editions in hardcover and paperback exceeds 4 million worldwide The Stand is a truly terrifying reading experience and became a four part mini series that memorably brought to life the cast of characters and layers of story from the novel It is an apocalyptic vision of the world when a deadly virus runs amok around the globe But that lethal virus is almost benign compared to the satanic force gathering minions from those still alive to destroy humanity and create a world populated by evil Stephen King is a brilliant storyteller who has the uncanny gift of putting ordinary people in extraordinary circumstances giving readers an experience that chills and thrills on every page
