Walkers Between the Worlds Caitlín Matthews, John Matthews, 2004-01-14 A comprehensive overview of the Western perennial tradition the hermetic tradition and the ancient earth wisdom of shamanic indigenous peoples Provides practical exercises to reawaken mystical awareness and reconnect with the ancient mystery traditions of our ancestors Reveals how earth wisdom and high magic complement one another In *Walkers Between the Worlds* the authors reveal the development of both these traditions that were never far beneath the surface of Western culture and how they complement each other As the orthodox structures of the West appear increasingly hollow and irrelevant the Western way trod by the shaman and the magus remains vital with many practical methods for reawakening awareness and reconnecting with the earth In addition to its in depth theoretical analysis *Walkers Between the Worlds* contains practical exercises drawn from traditional teaching methods used by both native and hermetic traditions to help the reader explore these mysteries **Mountain Magic :**

 Townley,2007-05 Hermeticism or alchemy is the ancient primordial mystery science of nature through which people in all
 times and places have for the sake of world evolution sought to unite Heaven and Earth divinity cosmos earth and humanity
 as a single whole Selfless intimate dedicated to healing and harmony Hermeticism has accompanied and sustained every
 religious epoch and revelation It may be found in all historical cultures from the traditions of India and China in the East to
 the Judeo Christian West It could even be said that Hermeticism is the primal cosmological revelation and the common
 ground of all spiritual traditions Nevertheless in the great revival of mystical esoteric traditions and practices during the last
 century Hermetic tradition in fact Nature herself has been largely ignored Today when the Earth seems most under attack
 Green Hermeticism is especially appropriate The book explores not only the ancient Masters inner science but also their
 science of Nature During spring and summer 2006 Pir Zia Khan convened a series of gatherings to begin to unfold the
 contemporary meaning of ancient sacred science for our time Green Hermeticism is a partial record of that meeting Peter
 Lamborn Wilson explores the many ramifications of the alternative worldview offered by Hermeticism Christopher Bamford
 provides a broad historical overview of the tradition from the Ancient Mysteries to contemporary manifestations of the
 alchemical tradition while Kevin Townley brings a practical dimension to the gathering teaching the preparation of herbal
 elixirs and demonstrating that cosmology and philosophy can become a truly healing path for the Earth Green Hermeticism is
 necessary reading for anyone seeking a spiritual and cultural path for the healing of the current ecological and cultural crisis
 In Alchemy there is an injunction to quicken or revive the dead which is illustrated by a dead tree growing verdant again
 That is exactly what this wonderful and rare work does in awakening human consciousness to its Divine potential and
 Ultimate Destiny Art thus helps Nature to achieve its ideal Perfection The authors must be congratulated for their insightful
 words I wholeheartedly recommend reading it again and again and again Stanislas Klossowski de Rola author Alchemy The

 book to remind us that there is still some sanity depth and creative energy percolating up from the heart of Reality Thank
 God and the Goddess Nature for this smart and inspiring breath of fresh air Green Hermeticism is where the wasteland ends
 and where the world becomes re enchanted with genuine living thought that goes beyond superficialities It s a rare pleasure
