Addiction similar to the Earth revolving around our Sun it too revolves around the absence of mother father or mother surrogate love in a child's life and beyond It is the primary source from which it originates develops and thrives within the

mind body of an affected human being Mother father and mother surrogate love is the fuel that drives the development of an infant through the dependency state one is born into the higher conscious awareness interdependency state Initially

mother or mother surrogate love is used to assist their infant to self actualize namely to learn he or she is love by being loved by their parents If this most critical step is missed at a most critical time in the early development of an infant from birth to

six years old unfortunately the latter does not evolve emotionally to the interdependency state in which the child by this time knows one Self as being love and who realizes simultaneously that it is necessary to give their love to another human being and by doing so one is enabled to learn and experience what it feels like to be loved When this irreplaceable process is

carried out according to Nature the child is embodied with the fundamental tool to transform Self progressively into a work

of art One of the many contributions this book makes to our understanding of CoDependency Addiction is when a child does not evolve emotionally into the interdependency state he or she remains in a dependency state beyond appropriate years By six years old a child who has been adequately nurtured with love from the outset develops in their brain what is called love circuits In the absence of mother or mother surrogate love during this crucial time these circuits empathy kindness caring altruism friendship compassion etc are replaced with others such as anger shame denial guilt low self esteem not good enough unworthiness narcissisms ego etc It is in this developmental space we find the origin of CoDependency Addiction manifested in an affected person s adult life Unable to make genuine friends and be loved both of which are cornerstones of the interdependency state fear and self preservation emerge as a daily preoccupation and concern This book outlines in detail how CoDependency Addiction is repressed within one s injured and wounded self and because of denial and projection a web of deception is employed to Go Along To Get Along Although the hypnotic rhythm makes healing more formidable as the years pass the solution is determination to shatter denial Marteau X received his Doctor of Philosophy Degree from the University of Colorado Boulder in 1977 He has spent 40 years studying social philosophy and dialectical materialism including alienation and Psychology He lives with his family in Baltimore MD [Emotional Mastery: A Complete Guide to Emotional Abuse, Trauma Recovery, Shadow Work, Self-Esteem, Dark Psychology & Gaslighting : 3 books \(3 books in 1\)](#) Relove Psychology, This is a collection of three powerful books that provides a comprehensive guide to healing from emotional abuse trauma and toxic relationships Included in this Captivating 3 Book Collection are Dark Psychology Gaslighting A Deep Look Into Relationships Self Esteem Manipulation Emotional Abuse Trauma Recovery How to Recognize Overcome Heal from Psychological Manipulation or Abuse Build Your Self Esteem Shadow Work for Beginners Discovering Healing Your Unconscious Self A Journey to Self Discovery Increasing Self Esteem Mastering Your Emotions The First book will show all about Dark Psychology and how to deal with manipulation Whether you re aware of it or not you re being subjected to countless manipulations every day Discover the various tricks tactics and even your own dark side The Second book is for anyone who has experienced Emotional Abuse or wants to support a loved one who has Inside you will learn about the causes and effects as well as healing strategies for becoming emotionally stronger The Third book reveals how Shadow Work can uncover hidden aspects of your personality heal old wounds and create lasting positive changes Get ready to explore the secrets that lie within and learn how to use their power Together these three books offer a complete guide to healing and recovery from emotional abuse trauma and toxic relationships So if you re looking to break free from the cycle of abuse or manipulation heal and regain control of your life or learn more then begin now with this 3 Book Collection

Woman abuse is a serious problem in our society and our ready acceptance of men's treatment groups as a solution to woman abuse maybe short sighted Outcome investigations of abusive men's treatment groups have failed to include women's experience as a measure of treatment success and often disparity exists on whether success has been achieved Many studies examine only physical abuse and fail to acknowledge the role of psychological abuse in relationships The goal of this study was to listen to the voices of those women who have stayed with their partners after the men have completed group treatment and to understand their day to day experience of living with the treated man This feminist oriented descriptive phenomenological study investigates five women using face to face interview techniques Descriptive information was generated from audio taped interviews A metaphor emerged as the core phenomenon which participants described as still walking on eggshells This described the experience of living with their partners post group and defined the essential element of the post group experience Within this core phenomenon five themes were identified safety women's work of staying in the relationship partner's use of power and control concern for children and the role of the system These descriptions of the essence of the post group relationship allow us to hear from the women who experience the daily reality of still walking on egg shells a perspective often unheard and therefore unacknowledged These perspectives indicate a need to review our current treatment options for abusive men as a means of providing greater safety to women **Coercive Control:**

Breaking Free From Psychological Abuse Lauren Kozlowski, The devastation of a controlling relationship has to be endured to be believed From the constant fear of upsetting your spouse the walking on eggshells in case you've done or said something wrong or the relentless feeling of anxiety a controlling partner will beat you down until you no longer recognize

yourself Coercive control will see an abuser dominate their victim's life from the food they eat the people they see the places they can go and the things they can say A controlling partner through fear and intimidation will seek to ensure their victim is subdued to the point of accepting any and all abuse that's fired their way By manipulation gaslighting lies and hurtful insults the abuser will make their victim a willing puppet on a string ready to be utilized how the controlling spouse sees fit Coercive control is seldom talked about in comparison to other forms of abuse yet it's so commonplace in relationships Plenty of victims of this type of behavior may not even be aware that it's full blown abuse Many more see controlling behavior as their partner's way of showing they care In order to shed light on this topic and reach out to those who need help in understanding and overcoming a controlling partner I have created this book as their starting point I was shackled to a malignant narcissist for many years of my life being controlled and manipulated day in day out As a proud survivor of abuse I feel obligated to help others in their journey towards getting their power back and recovering from the cruel effects of an abusive relationship This book will cover the following what coercive control is the devastating effects of a controlling relationship financial coercion breaking the spell of abuse coercive control after separating I use my own experiences as well as those of the survivors I've connected with via Escape the Narcissist to help piece together the things you need to know about this type of abusive relationship
