**Monument to Blackness** Hannah E. Jeffery, 2026-01-15 A Monument to Blackness offers an in depth look at Black murals across the United States from interior murals in the South to street murals predominantly in the North and West. It shows us how Black murals were and remain an integral but commonly overlooked artistic expression in the movement for Black liberation across the country. Focusing on works from 1930 to the present day, Hannah E. Jeffery demonstrates the elusive connection between Black politics, public art, memory, and space to show how murals created unprecedented interactive sites of Black imagination and empowerment within Black communities. Showcasing Black life, Black love, Black Power, and Black history, and painting it onto buildings in the streets, muralists creatively transformed walls of isolated Black neighborhoods into spaces of education, ritual performance, and commemoration. By tracing the genealogy of Black muralism throughout the movement for Black liberation, *A Monument to Blackness* uncovers how, why, and when murals became catalysts for inspiring community interaction and it uncovers a largely unwritten narrative of Black visual protest in the fight for twentieth and twenty-first century Black liberation. Jeffery calls on original artist testimony, extensive archival research, and the fields of Black visual and American studies to underscore how walls in racially isolated Black communities became inspirational, imaginative, and subversive spaces for residents to protest against social, racial, and political oppression, contest geographical confinement, celebrate Blackness, and commemorate Black history. Not only does *A Monument to Blackness* help deepen our understanding of the movement for Black liberation by uncovering an overlooked expression of Black community art, but it arrives at a moment in America's history when understanding the deeper roots of this powerful mural movement will help contextualize the current wave of murals sweeping across the nation in this age of Black Lives Matter.

**Texas History** Bruce A. Glasrud, Light Townsend Cummins, Cary D. Wintz, 2014-09-09 *Discovering Texas History* is a historiographical reference book that will be invaluable to teachers, students, and researchers of Texas history. In part one, topical essays address significant historical themes from race and gender to the arts and urban history. In part two, chronological essays cover the full span of Texas historiography from the Spanish era to the modern day. In each case, the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that *Discovering Texas History* will take its place as the standard work on the history of Texas history.

**Congo Love Song** Ira Dworkin, 2017-04-27 In his 1903 hit *Congo Love Song*, James Weldon Johnson recounts a sweet if seemingly generic romance between two young Africans. were playing a central role in a growing Congo reform movement In an era when popular vaudeville music frequently trafficked in racist language and imagery Congo Love Song emerges as one example of the many ways that African American activists intellectuals and artists called attention to colonialism in Africa In this book Ira Dworkin examines black Americans long cultural and political engagement with the Congo and its people Through studies of George Washington Williams Booker T Washington Pauline Hopkins Langston Hughes Malcolm X and other figures he brings to light a long standing relationship that challenges familiar presumptions about African American commitments to Africa Dworkin offers compelling new ways to understand how African American involvement in the Congo has helped shape anticolonialism black aesthetics and modern black nationalism
