Social Media Marketing on Instagram. Exploration of Strategic Perspectives Lisa Jessen, 2018-06-20 Master s Thesis from the year 2018 in the subject Communications Public Relations Advertising Marketing Social Media grade 1 7 University of Potsdam language English abstract With 800 million users worldwide Instagram is one of the world s leading social media platforms The reason for the increasing relevance of Instagram is its mobile local social and visual character which reflects how individuals are currently using social media and will continue to do so in the future Instagram s combination of emotional visual content story telling and interaction with the community also makes it a platform that allows brands to differentiate themselves from others to become unique in what are often very saturated markets While Instagram is a new application and previous research focuses mainly on long established social media platforms such as Facebook this thesis aims to explore the various strategic perspectives of successful social media marketing on Instagram by developing a theoretical frame work and presenting the practical strategies of three very different organisations in a multiple case study design The framework and the case studies prove that the five identified social media dimensions content marketing engagement marketing influencer marketing hashtags and Instagram advertising are applied in practice but are adapted very individual on each organisation its goals and its target group

Using Emerging Technologies to Enhance Student Engagement Reynol Junco, Dianne M. Timm, 2008 Today s college students have never known a time when personal computers did not exist They attended K 12 schools where most of their classrooms were equipped with computers Information technology has always been part of their learning process not to mention the impact it has had on the development of their friendships research and writing skills

shopping and choice of college or university to attend They expect that institutions of higher education will respond to their inquiries without delay much in the same way that customer service is handled on the Web Student expectations are driving the creation of live Web chats in house social networking sites university wiki and shared virtual spaces Unfortunately higher education faculty and staff in general and student affairs professionals in particular are behind the curve in their use of information technology Student affairs professionals are only starting to become aware that they should learn about the technologies that students have already integrated into their lives It is imperative that student affairs professions understand these technologies and learn how to implement them to enhance student learning build a sense of community increase student engagement facilitate communication This volume examines recent research on how information technology is affecting college student development and explores ways in which institutions are responding to increased demands for using emerging technology in supporting students This is the 124th volume of the Jossey Bass quarterly report series New Directions for Student Services an indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals Each issue of New Directions for Student Services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual
