Reddit Pro Deal

Peter Zakrzewski, David Tamés

Reddit Pro Deal:

The Dark Social Toija Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to be belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

 Maurice Powicke,1925 **Gaming Democracy** Adrienne L. Massanari,2024-10-29 How play and gaming culture have
 mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has
 gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right
 movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields
 of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free
 speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly
 silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of
 platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental
 rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and
 an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways
 that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these
 leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of
 metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political
 activism Report Großbritannien Royal Commission on Historical Manuscripts,1881 **Report** ,1881 Bulmer Family
