Miller,2016 The members of the SS and German Police who received the Third Reich s highest military award have received extensive coverage from the earliest years of World War II research however previous attempts at documenting all the Ritterkreuztr ger Knight s Cross holders of the Waffen SS have been highly selective in the degree of coverage allocated to each recipient with much focus being granted to select luminaries and very little to those deemed more obscure or controversial These earlier works the best known of them authored by Waffen SS veterans have also largely reflected the political opinions of their authors rather than presenting the facts alone In this first volume intended as a handy reference for the use of historians and militaria collectors alike the author presents rare and useful biographical data derived primarily from SS personnel files and other contemporary documentation on 178 SS and Police recipients of the Ritterkreuz Lavishly illustrated it contains hundreds of diverse and often striking photographs of the recipients covered As noted military historian Hugh Page Taylor writes This fine reference that Mike Miller has now made available is a great relief one I know I share with others seriously objectively and without bias interested in the men of the Waffen SS and Police **Their Honour was Loyalty** Jat W. Schneider,1977 **Knight's Cross Holders of the U-boat Service** Franz Kurowski,1995 Each recipient is presented in a capsule biography including dates of birth awarding of the various Knights Cross grades and other particulars to rank and career Each is also shown in a World War II era photograph
