## **Wagners Ring Of The Nibelung:**

**The Ring of the Nibelung** Richard Wagner, 2018-07-26 A superb new translation of one of the greatest nineteenth century poems the libretto to Wagner s Ring cycle The scale and grandeur of Wagner s The Ring of the Nibelung has no precedent and no successor It preoccupied Wagner for much of his adult life and revolutionized the nature of opera the orchestra the demands on singers and on the audience itself The four operas The Rhinegold The Valkyrie Siegfried and Twilight of the Gods are complete worlds conjuring up extraordinary mythological landscapes through sound as much as staging Wagner wrote the entire libretto before embarking on the music Discarding the grand choruses and bravura duets central to most operas he used the largest musical forces in the context often of only a handful of singers on stage The words were essential he was telling a story and making an argument in a way that required absolute attention to what was said The libretto for The Ring lies at the heart of nineteenth century culture It is in itself a work of power and grandeur and it had an incalculable effect on European and specifically German culture John Deathridge s superb new translation with notes and a fascinating introduction is essential for anyone who wishes to get to grips with one of the great musical experiences

**Nibelung's Ring, The** Peter Bassett, 2003 This accessible text guides novice and seasoned opera listeners alike through Richard Wagner s renowned Ring cycle To aid in understanding this complex and often contradictory work a modern day prose translation of its four component operas is provided as is an explanation of The Nibelung s Ring s mythological background Wagner s creative process and the ideas conveyed throughout each component A section reviewing its numerous musical themes and how they bind the cycle together musically is also included Rarely seen lithographs by artist Hugo Braune illustrate the story **Richard Wagner's Ring of the Nibelung, an illustrated handbook** John P. Jackson, 1882

Wagner's Ring in 1848 Richard Wagner, 2010 In 1848 Richard Wagner began what would become the largest stage work of his career the Ring of the Nibelung In preparation for the task he composed an overview of the Nibelung myth designed to lead to a drama he then composed the verse libretto Siegfried s Death Although he abandoned the idea of a single opera on Siegfried in favor of the huge project that developed out of it in the succeeding years the Ring cycle he did consider the two early documents important enough to include them in his collected works The present volume seeks to inform the English speaking reader in three ways by providing modern reliable translations of the two Wagner texts which are otherwise not available the German original is provided on facing pages by furnishing an overview of German scholarship available to Wagner and others working on the Nibelung legend in the first half of the nineteenth century and by making available a bibliography of further reading The volume will be useful to students of musicology to students and historians of myth and legend and to all Wagnerians interested in the genesis of the Ring cycle Accessible to the general reader it maintains scholarly rigor and provides information about materials not available in English Edward R Haymes is Professor in the Department of Modern Languages at Cleveland State University **Wagner's Ring of the Nibelung** Barry

Millington, Stewart Spencer, 2013-06-14 Scrupulously planned and executed with quite unusual care Opera There has long been a need for a modern English translation of Wagner's Ring a version that is reliable and readable yet at the same time is a true reflection of the literary quality of the German libretto This acclaimed translation which follows the verse form of the original exactly fills that niche It reads smoothly and idiomatically yet is the result of prolonged thought and deep background knowledge The translation is accompanied by Stewart Spencer's introductory essay on the libretto and a series of specially commissioned texts by Barry Millington Roger Hollinrake Elizabeth Magee and Warren Darcy that discuss the cycle's musical structure philosophical implications medieval sources and Wagner's own changing attitude to its meaning With a glossary of names a review of audio and video recordings and a select bibliography the book is an essential complement to Wagner's great epic

**The Ring of the Nibelung** Richard Wagner, 2015-08-30 The Ring of the Nibelung Siegfried and the Twilight of the Gods Richard Wagner Translated By Margaret Armour With Illustrations by Arthur Rackham Der Ring des Nibelungen The Ring of the Nibelung WWV 86 is a cycle of four epic operas by the German composer Richard Wagner The works are based loosely on characters from the Norse sagas and the Nibelungenlied The composer termed the cycle a Buhnenfestspiel stage festival play structured in three days preceded by a Vorabend ante evening It is often referred to as the Ring Cycle Wagner's Ring or simply The Ring Wagner wrote the libretto and music over the course of about twenty six years from 1848 to 1874 The four operas that constitute the Ring cycle are in sequence Das Rheingold The Rhine Gold Die Walkure The Valkyrie Siegfried Gotterdammerung Twilight of the Gods Although individual operas of the sequence are sometimes performed separately Wagner intended them to be performed in series The first performance as a cycle opened the first Bayreuth Festival in 1876 beginning with Das Rheingold on 13 August and ending with Gotterdammerung on 17 August

**The Nibelung's Ring** Richard Wagner, 1877 Benjamin's Ring Roz Goldfarb, 2012-03-01 Benjamin's Ring tells the enduring story of Richard Wagner's four opera cycle The Ring of the Nibelung This is a timeless story of mystery fantasy and myth as it is seen through Benjamin's eyes and written for today's young readers who enjoy action and adventure tales The characters in The Ring as the cycle is known include the heavenly world of Nordic Gods an underworld of evil dwarfs mortals a magic sword a supernatural ring that carries a death curse mysterious fire giants dragons and the eternal battle between good and evil Utilizing many of Wagner's original stage directions and his libretto Ben's mother narrates the story and answers Ben's questions She also explains why Wagner's music is world famous and how opera can be a total theatrical experience for people of any age Here's what opera stars Deborah Voigt and Michelle DeYoung wrote about Benjamin's Ring I found Benjamin's Ring to be an engaging and charming re-telling of Wagner's Ring Cycle libretto Deborah Voigt International Operatic Soprano Benjamin's Ring is a wonderful introduction into the world of Wagner's Ring cycle It is entertaining and informative I would recommend it for kids that enjoy fantastical stories but also for anyone preparing to see the Ring for the first time The illustrations by Geoffrey Moss are beautiful and the perfect accompaniment to the story
