## **Wagstaff Before And After Mapplethorpe A Biography:**

**Wagstaff: Before and After Mapplethorpe** Philip Gelter, 2014-10-27 Winner of the Arts Club of Washington Marfield Prize A New York Times Book Review Editors Choice Selection This admiring and absorbing biography Deborah Solomon The New York Times Book Review charts Sam Wagstaff's incalculable influence on contemporary art photography and gay identity A legendary curator collector and patron of the arts Sam Wagstaff was a figure who stood at the intersection of gay life and the art world and brought glamour and daring to both Andrew Solomon Now in Philip Gelter's groundbreaking biography he emerges as a cultural visionary Gelter documents the influence of the man who although known today primarily as the mentor and lover of Robert Mapplethorpe almost invented the idea of photography as art Edmund White Wagstaff Before and After Mapplethorpe braids together Wagstaff's personal transformation from closeted society bachelor to a rebellious curator with a broader portrait of the tumultuous social cultural and sexual upheavals of the 1960s 70s and 80s creating a definitive portrait of a man and his era Wagstaff: before and After Mapplethorpe Philip Gelter, 2014-11-04 Biography on a grand cultural level here is the long awaited story of Sam Wagstaff and his indelible influence on the world of late twentieth century art Sam Wagstaff the legendary curator collector and patron of the arts emerges as a cultural visionary in this groundbreaking biography Even today remembered primarily as the mentor and lover of Robert Mapplethorpe the once infamous photographer Wagstaff in fact had an incalculable and largely overlooked influence on the world of contemporary art and photography and on the evolution of gay identity in the latter part of the twentieth century Born in New York City in 1921 into a notable family Wagstaff followed an arc that was typical of a young man of his class He attended both Hotchkiss and Yale served in the navy and would follow in step with his Ivy League classmates to the gentleman's profession as an ad executive on Madison Avenue With his unmistakably good looks he projected an aura of glamour and was cited by newspapers as one of the most eligible bachelors of the late 1940s Such accounts proved deceiving for Wagstaff was forced to live in the closet his homosexuality only revealed to a small circle of friends Increasingly uncomfortable with his career and this double life he abandoned advertising turned to the formal study of art history and embarked on a radical personal transformation that was in perfect harmony with the tumultuous social cultural and sexual upheavals of the 1960s Accordingly Wagstaff became a curator in 1961 at Hartford's Wadsworth Atheneum where he mounted both Black White and Gray the first museum show of minimal art and the sculptor Tony Smith's first museum show while lending his early support to artists Andy Warhol Ray Johnson and Richard Tuttle among many others Later as a curator at the Detroit Institute of Arts he brought the avant garde to a regional museum offending its more staid trustees in the process After returning to New York City in 1972 the fifty year old Wagstaff met the twenty five year old Queens born Robert Mapplethorpe then living with Patti Smith What at first appeared to be a sexual dalliance became their now historic lifelong romance in which Mapplethorpe would foster Wagstaff's own burgeoning interest in contemporary photography and

Wagstaff would help secure Mapplethorpe's reputation in the art world. In spite of their profound class differences, the artistic union between the philanthropically inclined Wagstaff and the prodigiously talented Mapplethorpe would rival that of Stieglitz and O'Keefe or Rivera and Kahlo in their ability to help reshape contemporary art history. Positioning Wagstaff's personal life against the rise of photography as a major art form and the simultaneous formation of the gay rights movement, Philip Gefter's absorbing biography provides a searing portrait of New York just before and during the age of AIDS. The result is a definitive and memorable portrait of a man and an era. **Wagstaff**, 2015 **Photography After Frank** Philip

Gefter, 2009. Presents the author's view of contemporary photography in the United States from the 1950s with the work of Robert Frank to the present day. Frank looked beneath the surface of American life to reveal a people plagued by racism, ill-served by their politicians and rendered numb by a rapidly expanding culture of consumption. Yet Frank also found novel areas of beauty in simple overlooked corners of American life. His subject matter: cars, jukeboxes, and even the road itself redefined the icons of America. *Popular Music Autobiography* Oliver Lovesey, 2021-12-02. The 1960s saw the nexus of the revolution in popular music by a post-war generation amid demographic upheavals and seismic shifts in technology. Over the past two decades, musicians associated with this period have produced a large amount of important autobiographical writing. This book situates these works in the forms of formal autobiographies and memoirs, auto-fiction, songs, and self-fashioned museum exhibitions within the context of the recent expansion of interest in autobiography, disability, and celebrity studies. It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers' celebrity status and particularly the association with a lack of seriousness. These works often constitute a meditation on the nature of postmodern fame within a celebrity-obsessed culture and paradoxically they aim to regain the private self in a public forum.

**Philip Gefter: Photography After Frank** Philip Gefter, 2015 Horizontal together Paisid Aramphongphan, 2021-05-11. *Horizontal together* tells the story of 1960s art and queer culture in New York through the overlapping circles of Andy Warhol, underground filmmaker Jack Smith, and experimental dance star Fred Herko. Taking a pioneering approach to this intersecting cultural milieu, the book uses a unique methodology that draws on queer theory, dance studies, and the analysis of movement, deportment, and gesture to look anew at familiar artists and artworks but also to bring to light queer artistic figures' key cultural contributions to the 1960s New York art world. Illustrated with rarely published images and written in clear and fluid prose, *Horizontal together* will appeal to specialists and general readers interested in the study of modern and contemporary art, dance, and queer history. *Gay & Lesbian Biography* Michael J. Tyrkus, 1997. Profiles the achievements of prominent and noteworthy gays and lesbians. **Loulou & Yves** Christopher Petkanas, 2018-04-17. Dauntless in the bone, style made Loulou de La Falaise one of the great fashion firebrands of the twentieth century. What Becomes a Legend Most Philip Gafter, 2020-10-13 Wise and ebullient Dwight Garner The New York Times The first definitive biography of Richard Avedon a monumental photographer of the twentieth century from award winning photography critic Philip Gafter In his acclaimed portraits Richard Avedon captured the iconic figures of the twentieth century in his starkly bold intimately minimal and forensic visual style Concurrently his work for Harper s Bazaar and Vogue transformed the ideals of women s fashion femininity and culture to become the defining look of an era Yet despite his driving ambition to gain respect in the art world during his lifetime he was condescendingly dismissed as a celebrity photographer What Becomes a Legend Most is the first definitive biography of this luminary an intensely driven man who endured personal and professional prejudice struggled with deep insecurities and mounted an existential lifelong battle to be recognized as an artist Philip Gafter builds on archival research and exclusive interviews with those closest to Avedon to chronicle his story beginning with Avedon s coming of age in New York between the world wars when cultural prejudices forced him to make decisions that shaped the course of his life Compounding his private battles Avedon fought to be taken seriously in a medium that itself struggled to be respected within the art world Gafter reveals how the 1950s and 1960s informed Avedon s life and work as much as he informed the period He counted as close friends a profoundly influential group of artists Leonard Bernstein Truman Capote James Baldwin Harold Brodkey Renata Adler Sidney Lumet and Mike Nichols who shaped the cultural life of the American twentieth century It wasn t until Avedon s fashion work was exhibited at the Metropolitan Museum of Art in the late 1970s that he became a household name Balancing glamour with the gravitas of

an artist's genuine reach for worldly achievement and not a little gossip plus sixteen pages of photographs What Becomes a Legend Most is an intimate window into Avedon's fascinating world Dramatic visionary and remarkable it pays tribute to Avedon's role in the history of photography and fashion and his legacy as one of the most consequential artists of his time
