Walden Henry David Thoreau, 2014-11-23. Robert Frost wrote of Thoreau: In one book he gave America the best of all we had. Henry David Thoreau is best known as the American author of *Walden*, who wanted first hand to experience and understand deeply the inspiring connection between man and nature. He built a humble cabin by his own hands beside Walden Pond with tools borrowed from his Concord neighbors and sustained by the fruits of the bean field sown in his garden and those resources yielded up to him by the wilderness. He seeks to transcend inauthentic everyday life in Concord and awaken his soul to the beauty and harmony of life by living mindfully in every moment in the pristine woods of New England in 1845. I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to

teach and not when I came to die discover that I had not lived Thoreau writes in Walden Thoreau is profoundly wise and an earnest reading of Walden yields within its pages the power to change one's perspective for the better through a deeper recognition of the wholeness, harmony, simplicity, and radiance of life. You may become transcendent by reading Walden mindfully and come to understand the true meaning of marching to the tune of a different drummer. Walden, Henry David Thoreau,2016-11-07 Economy When I wrote the following pages or rather the bulk of them I lived alone in the woods a mile from any neighbor in a house which I had built myself on the shore of Walden Pond in Concord Massachusetts and earned my living by the labor of my hands only I lived there two years and two months At present I am a sojourner in civilized life again I should not obtrude my affairs so much on the notice of my readers if very particular inquiries had not been made by my townsmen concerning my mode of life which some would call impertinent though they do not appear to me at all impertinent but considering the circumstances very natural and pertinent Some have asked what I got to eat if I did not feel lonesome if I was not afraid and the like Others have been curious to learn what portion of my income I devoted to charitable purposes and some who have large families how many poor children I maintained I will therefore ask those of my readers who feel no particular interest in me to pardon me if I undertake to answer some of these questions in this book In most books the I or first person is omitted in this it will be retained that in respect to egotism is the main

difference We commonly do not remember that it is after all always the first person that is speaking I should not talk so much about myself if there were anybody else whom I knew as well Unfortunately I am confined to this theme by the narrowness of my experience Moreover I on my side require of every writer first or last a simple and sincere account of his own life and not merely what he has heard of other men s lives some such account as he would send to his kindred from a distant land for if he has lived sincerely it must have been in a distant land to me Perhaps these pages are more particularly addressed to poor students As for the rest of my readers they will accept such portions as apply to them I trust that none will stretch the seams in putting on the coat for it may do good service to him whom it fits Henry David Thoreau born David Henry Thoreau is a philosopher naturalist and American poet born July 12 1817 in Concord Massachusetts where he died May 6 1862 His masterpiece Walden or Life in the woods is a reflection on the economy nature and the simple life lived apart from society written during a retreat in a cabin he had built on the edge of a lake His essay Civil Disobedience reflecting a personal opposition to the slave of the time authorities inspired collective action by Gandhi and Martin Luther King Jr against racial segregation Thoreau abhors black slavery which demonstrates that Christianity officially prevails is only superstition and that politicians are not motivated by higher law He envisions a moral reform of society through non cooperation with injustice governments as advocated by his contemporary abolitionist William Lloyd Garrison but it almost always stays away from any activity and social organization whatsoever After the failed attempt of John Brown to initiate an insurrection in favor of abolition Thoreau considered a savior and publicly expressed his support It is found at the end of his life at the dawn of the American Civil War in agreement with public opinion increasingly common that was beginning to believe in the abolition of slavery by force gross without getting involved as far more itself¹ Nicknamed the poet naturalist by his friend William Ellery Channing en 1818 1901 Thoreau is fascinated by natural phenomena and life forms particularly botany and he wrote in his diary covering more twenty years his detailed observations and personal feelings they give birth in him He adopted an approach over the years more and more systematic scientific and one who was a surveyor at times could also invent a little forestry and ecology Love and respect for nature Walden and Civil Disobedience by Henry David Thoreau Henry David Thoreau,2020-06-02 Published in 1854 by transcendentalist writer Henry David Thoreau Walden depicts Thoreau s experience living an entirely self sufficient life in a small cabin he built himself by Walden Pond near Concord Massachusetts Thoreau seeks to demonstrate how easy it is to acquire all of life s necessities by living simply and rejecting the rat race of competing for material possessions This way of living liberates the individual to pursue what Thoreau believes should be our primary aims in life personal growth and cultivating a spiritual connection with nature 8 5x11 Matte Cover Large Print
