Walmart New Employee Guide:

The NEW Employee Manual Benjamin Gilad, PhD, Mark Chussil, 2019-03-19 Welcome to Corporate Life The NEW Employee Manual is not your Dad's or Mom's employee manual. It's the new playbook for corporate survival fitting today's realities and the challenges facing employees who join or work in large seemingly successful companies. Those companies already issued very specific and detailed employee manuals covering everything under the sun except how to compete well in our brave new world. The NEW Employee Manual will help you navigate the Corporate with a capital C labyrinth. Where Corporate's manual shapes you into a dutiful cog for the good of the machine ours helps you enhance your career for the good of well you and your company. The NEW Employee Manual should make you feel skeptical, skeptical of empty slogans, obsolete rituals, obsessive pursuits, and bigwigs playbooks that no longer work. That alone should be worth this book's price. Skepticism you see is a good thing because it is only the skeptic, only the free thinker, only the maverick who asks new questions and finds useful answers. So are you a maverick or a cog?

Wal-Mart World Stanley D. Brunn, 2006 Now that Wal-Mart has conquered the US can it conquer the world? As Wal-Mart World shows, the corporation is certainly trying. For a number of years Wal-Mart has been the largest company in the United States. Now, though, it is the largest company in the world. Its global labor practices and outsourcing strategies represent for many what contemporary economic globalization is all about. But Wal-Mart is not standing still and is opening up stores everywhere. From Germany to Beijing to Mexico City to Tokyo, more than a billion shoppers can now hunt for bargains at a Wal-Mart superstore. Wal-Mart World is the first book to look at this incredibly important phenomenon in global perspective, with chapters that range from its growth in the US and impact on labor relations here to its fortunes overseas. How Wal-Mart manages this transition in the near future will play a significant role in determining the character of the global economy. Wal-Mart World's impressively broad scope makes it necessary reading for anyone interested in the global impact of this economic colossus.
