*Walt Disney* Russell Schroeder, 1996 A biography of the famous filmmaker and theme park creator featuring family photographs and drawings of characters and scenes from his movies Walt Disney's Mickey Mouse Russell K. Schroeder, 1997 When Mickey Mouse first met Walt Disney in 1928 he was the most original actor the entertainment industry had ever seen With the production of *Steamboat Willie* he became an overnight sensation Since then Mickey has played a monumental role in cinematic history as well as merchandising and even politics Told in Mickey's own voice this collector's volume spans the career of this beloved mouse The Oxford Illustrated History of World War Two Richard Overy, 2015-04-09 World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a question as apparently basic as when it began and ended becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In *The Oxford Illustrated History of World War Two* a team of leading historians reassesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy's expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history The Film Daily Year Book of Motion Pictures, 1938 **PEOPLE Celebrating the '80s** People Magazine, 2020-10-16 Time to get back to the future In this special edition from the editors of *People* we celebrate the year Marty McFly and Doc Brown turned a DeLorean into a time machine 1985 was the year of *The Breakfast Club* and St Elmo's Fire of Princess Diana's iconic twirl with John Travolta at the White House and of Live Aid and Farm Aid when the music world came together to do good On TV we were watching *The Golden Girls* *Moonlighting* *Hello Bruce Willis* *Dynasty* and *Dallas* We look back at *Star Tracks* and *Heart Monitor* from 1985 to see what the most memorable celebrities of the day were up to and who was falling in or out of love as well as the biggest news of the year This 96 page photo filled issue also includes
