**Walter Pater and the Language of Sculpture** Lene Stermark-Johansen, 2017-07-05 Walter Pater and the Language of Sculpture is the first monograph to discuss the Victorian critic Walter Pater's attitude to sculpture. It brings together Pater's aesthetic theories with his theories on language and writing to demonstrate how his ideas of the visual and written language are closely interlinked. Going beyond Pater's views on sculpture as an art form, this study traces the notion of relief, rilievo, and hybrid form in Pater and his view of the writer as sculptor, a carver in language. Alongside her treatment of rilievo as a pervasive trope, Lene Stermark-Johansen also employs the idea of rivalry, paragone, more broadly examining Pater's concern with positioning himself as an art critic in the late Victorian art world. Situating Pater within centuries of European aesthetic theories, as never before done, **Walter Pater and the Language of Sculpture** throws new light on the extraordinary complexity and coherence of Pater's writing. The critic is repositioned solidly within Victorian art and literature. **Walter Pater and the Language of Sculpture** Lene Stermark-Johansen, 2011

Living with the Royal Academy directs attention to the textures of artists' relationships with the Royal Academy in late eighteenth and early nineteenth century Britain. This essay collection considers the Academy as a lived organism, one whose most effective role was as a reference point around which artists operated in their relationships with each other and with artistic practice itself. *The Writers Directory*, 2013 **Walter Pater and the Language of Sculpture** Lene Stermark-Johansen, 2017
