*The Music Industry in the Digital Age* Richard Frenneaux,2025-08-07 The Music Industry in the Digital Age examines at the major shifts brought about by digital technology and platforms in the music industry Frenneaux looks at how digital production tools social media and streaming services have impacted music distribution creation and consumption Along with addressing the challenges of sustaining employment in a fractured attention economy the book examines the democratization

of music production and the ascent of independent artists. It looks at how record companies, producers and A R s changing roles in a data driven environment as well as how algorithmic curation affects genre boundaries and music discovery. Frenneaux explores the demands of continuous engagement and the complexity of artist fan relationships in the social media age. The work also tackles important concerns such as mental health in the music industry and how platforms like TikTok affect virality and marketing for music. Combining knowledge from academics, industry professionals and artists, the book presents a complete picture of both opportunities and challenges in the modern music industry. Frenneaux balances artistic integrity with commercial viability in an always changing digital environment by exploring subjects including streaming economics, DIY ethics and the blurring of mainstream and independent production so offering a nuanced view of how digital disruption continues to shape the future of the music industry.

**Digital Storytelling for Brands** Bridget Tombleson, Katharina Wolf, 2023-08-05. Digital storytelling for brands has become a non-negotiable skill in the 21st century due to the need to connect and communicate with diverse audiences across multiple channels and platforms. The ability to understand narrative is now a prerequisite for many business communication, marketing and public relations professionals as well as content creators and journalists. This book teaches essential skills in deconstructing the traditional narrative and how to adapt narrative to fit contemporary platforms. Creative methods are emphasised and provide readers with a theoretical underpinning of participatory culture and narrative. For the first time ever, this book brings together extant arts and humanities based models with business theory. It provides learners with a clear understanding of the creative and persuasive form of narrative within a digital context whilst building brand. Contemporary case studies highlight challenges faced in the digital world including implications for reputation management, considerations associated with mis and disinformation and the crucial role of the collective narrative. A key principle guiding this book is the more digital we become the more we crave to feel human and it is this very space where digital storytelling can cut through the digital noise to provide an authentic connection.

Bridget Tombleson is an academic at Curtin University, Perth, Western Australia, with more than twenty years experience in public relations and the communication industry. Katharina Wolf is an Associate Professor at Curtin University in Perth, Western Australia, and Lead of the Faculty of Business and Law's public relations program.

*Momentary Musics* Tobias Hess, 2022 The rise of music streaming platforms such as Spotify and the concurrent emergence of what is broadly known as the attention economy have radically shifted the aesthetics of the music industry as well as the artistic subjectivities of artists that operate within this paradigm Through a formal analysis of Spotify's recommendation algorithm I argue that algorithmic curation systems such as Spotify's create a new cultural paradigm that has replaced Adorno's conception culture industry What has replaced it is a dispersed meritocracy where success is determined by how well individual cultural actors conform to the preferred aesthetics of algorithmic platforms Using the emerging genre of hyperpop the rise of Lil Nas X as facilitated by social media and analyzing how fans use the music of Mitski on TikTok as case studies I explore how these dynamics play out across platforms and genres I argue that social media platforms such as Twitter and TikTok help to intensify the preferred aesthetics of streaming

platforms such as Spotify working to severely limit the creative possibilities of musical artists

**TikTok Marketing Training Guide** Sanie Fitz, 2020-03-03 TikTok is an application that came out of nowhere was created in China where it is known as DOUYIN and for the rest of the world it is known as TikTok When TikTok was created it caused great euphoria among Chinese youth and teenagers because it was an application of video exchanges and for young people that was very fun TikTok joined musical ly where young people could upload music videos where they could synchronize the movements of their lips with the music which was sensational Then the young people who had more experience technically uploaded original videos which caused them to become influential on the platform For young people it is very fun since they can upload videos with a duration of 15 seconds and can also share these videos in their stories and these videos have a duration of 60 seconds TikTok and music ly are addressed to the same audience First of all we may say that one of the large impediments that TikTok has had to make its marketing success is that most of the sellers and business managers over 30 do not know the platform or have not even heard of it
