Surface Consciousness Mark Taylor, 1993 PHILOSOPHY OF HINDU SADHANA BRAHMA, NALINI KANTA, 2008-12-15 None else could have made a better presentation on the practice side of Hindu religion with its underlining concepts of Hindu faith than Dr Nalini Kanta Brahma His classic work Philosophy of Hindu Sadhana is now being relaunched in the Eastern Economy Edition for the benefit of students researchers and all those who have an abiding interest in philosophy and religion The author stresses those characteristics of Hindu religion that bring out its kinship with the higher religious thoughts of the world so that the reader can discern a common fabric of organic unity of higher religions The text brings to fore the correlation between theory and practice of different Hindu philosophical systems Sadhana the instrument to attain perfection as propounded in Hindu Philosophy being a means to a better end has been discussed in the text in its various forms as followed by different religious systems of the Hindus Part I of the book deals with the function and characteristics of Hindu Sadhana in general Part II elucidates the specific forms of Hindu Sadhana that includes Karma the path of prescribed actions Jnana the path of higher intellect and Bhakti the path of devotional worship The book also deals with Yoga the form of Sadhana as propounded by Patanjali Finally it emphasizes the importance and value of discipline and devotion that are inherent in the good practice of Hindu religion *An Analysis of Sri Aurobindo's The Life Divine* Roy Posner, 2018-01-06 Growth Online author and founder Roy Posner presents a chapter by chapter analysis of Sri Aurobindo's metaphysical treatise The Life Divine perhaps the most profound book ever written on the nature of spirit creation life evolution and human potential **The Challenge of The Mind** Ryuho Okawa, 2018-11-15 The Challenge of the Mind is an excellent guide to exploring the infinite potential of our mind from Buddha's perspective In this book author Ryuho Okawa

shows how we can apply the essential teachings of Buddha to our lives and cultivate deep wisdom and promote a happy peaceful everyday life Through expounding such principles as the laws of cause and effect egolessness and the middle way in simple clear but thoughtprovoking language Okawa imbues a new life into the traditional Buddhist teachings and offers a solid basis of reason and intellectual understanding to oftenovercomplicated teachings Chapter 1 focuses on the topic of the law of cause of effect which essentially says that the seeds we sow and grow will determine the kind of life we will lead In Chapter 2 Okawa shows how we can develop our Buddhanature or a divine nature so we can cultivate our potential for living fully at the highest level and at the same time achieve harmony with others in society Chapter 3 discusses the essence of meditation Okawa shows how we can receive light and guidance from heaven and use it as a source of power to spread goodness in this world Chapter 4 is about achieving transcendental wisdom which is a state of enlightenment that lets us see ourselves and the world from a broad perspective with a selfless heart In Chapter 5 Okawa expounds on the teaching of egolessness which leads us to experiencing oneness with Buddha and lets us discover the strong power of enlightenment that dissolves all worldly sufferings pains and attachments Chapter 6 focuses on the teaching of the middle way It shows how we should avoid extremes and discover our true nature as children of Buddha In Chapter 7 Okawa discusses that although spiritual experiences are vital to acquiring a higher state of mind spiritual power alone does not lead us to the attainment of enlightenment Chapter 8 defines karma as the tendencies of our mind and heart Karma whether individual or collective is formed by the choices we make and the actions we take To improve our karma and create a brighter future it is vital that we share the spiritual truths with as many people as possible and pursue our spiritual growth in the way that benefits others Enlightenment is not just an abstract idea but is a state of mind that we can achieve as long as we continue our endeavor to seek higher awareness earnestly and honestly By applying these fundamental principles to our lives we can direct our minds to higher ideals and carve out a path to a bright future
