Inner Game of Work Gallwey Timothy Staff,2000-02 Do you think it s possible to truly enjoy your job No matter what it is or where you are Timothy

Gallwey does and in this groundbreaking book he tells you how to overcome the inner obstacles that sabotage your efforts to be your best on the job Timothy Gallwey burst upon the scene twenty years ago with his revolutionary approach to excellence in sports His bestselling books The Inner Game of Tennis and The Inner Game of Golf with over one million copies in print changed the way we think about learning and coaching But the Inner Game that Gallwey discovered on the tennis court is about more than learning a better backhand it is about learning how to learn a critical skill that in this case separates the

productive satisfied employee from the rest of the pack For the past twenty years Gallwey has taken his Inner Game expertise to many of America s top companies including AT T Coca Cola Apple and IBM to teach their managers and employees how to gain better access to their own internal resources What inner obstacles is Gallwey talking about Fear of

failure resistance to change procrastination stagnation doubt and boredom to name a few Gallwey shows you how to tap into your natural potential for learning performance and enjoyment so that any job no matter how long you ve been doing it or how little you think there is to learn about it can become an opportunity to sharpen skills increase pleasure and heighten awareness And if your work environment has been turned on its ear by Internet technology reorganization and rapidly

accelerating change this book offers a way to steer a confident course while navigating your way toward personal and

professional goals The Inner Game of Work teaches you the difference between a rote performance and a rewarding one It teaches you how to stop working in the conformity mode and start working in the mobility mode It shows how having a great coach can make as much difference in the boardroom as on the basketball court and Gallwey teaches you how to find that coach and equally important how to become one The Inner Game of Work challenges you to reexamine your fundamental motivations for going to work in the morning and your definitions of work once you're there It will ask you to reassess the way you make changes and teach you to look at work in a radically new way Ever since The Inner Game of Tennis I've been fascinated and have personally benefitted by the incredibly empowering insights flowing out of Gallwey's self one self two analysis This latest book applies this liberating analogy to work inspiring all of us to relax and trust our true self Stephen R Covey author of 7 Habits of Highly Effective People From the Trade Paperback edition **Game Work** Ken S.
