*Top Apple Watch Apps* Steve Markel, 2015-06-11

Apple Inc brings innovation to the 21st century with the release of the new Apple Watch in April of 2015. The new device has received rave reviews lauding its attempt to merge trend and technology while catering to the needs of every sector of society. The Apple Watch is designed to operate on the internet connection of iPhone 5 models and older, resulting in superlative savings on the battery life. The device also boasts auto time changing during zone or geographical changes, improved battery life in excess of eighteen hours and an auto power off feature designed to shut the Watch down when not in use and power on with the lift of the hand. The design of the new Apple Watch includes a combination of the latest technologies, taking full advantage of both efficiency and gratification. The combined technologies employed simplify the discrepancy between pushing and tapping with significantly enhanced picture resolution and the use of palpable sensations.
