**Getting Started on Instagram** Donald Gregory, 2022-02-15 Instagram's popularity has skyrocketed in recent years It is now the most popular social networking site and it continues to grow in popularity Besides Instagram is a terrific method to keep up with what your friends and favorite brands are up to on a daily basis Instagram which was purchased by Facebook in 2012 and has over a billion registered accounts has become a part of daily life From tiny businesses to large corporations news organizations to cultural institutions celebrities photographers and artists not to mention the cottage industry of influencers that has sprung up in its wake it appears that everyone is on Instagram these days One could argue that Instagram is unlike any other social media platform The platform

is nearly exclusively based on sharing photos and videos rather than words This visual twist is one of the reasons Instagram has grown into the cultural behemoth it is today Instagramming is now a verb If you ve ever wondered how to best manage an Instagram account there are a few basic rules to follow to ensure that your Instagram photographs and Instagram stories go viral If you want to start a profile right now you ll need an Instagram tutorial to get you started We ll go over the recommended practices that any Instagram business account runner should be aware of in this beginner s tutorial We ll have your brand feed ready in no time from setting up your profile to providing content and building your audience *Instagram Marketing Algorithms 10,000/Month Guide On How to Grow Your Business, Make Money Online, Become an Social Media Influencer, Personal Branding & Advertising* Michael Gates,2020 The way brands communicate with their existing and target audience has undoubtedly transformed One of the main reasons for this transformation is the increase in the popularity of social networking platforms These days an increasing number of brands are using visual media for communicating their brand s message Social media has certainly revolutionized our lives Instagram has stood the test of time and is now one of the most popular social networking platforms today So if your brand isn t already on Instagram then there is no time like the present to get started Instagram has been around for a while but not a lot of people know how to make the most of its features The creators of this platform keep introducing new features along with changes to the algorithm So it is quintessential that you stay on top of all the updates In this book you will learn about the things you need to increase your following on Instagram so you can maximize your profits You will be given information about the different benefits you can reap by using Instagram You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand s Instagram profile Apart from this you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience Marketing on Instagram and how you can increase your following are also discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don t go together Use your brand or company name in hashtags the hashtags that you pick don t have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some
