

THE FIRST BOOK OF MOSES, CALLED GENESIS.

CHAPTER 1.

1 Creation of the solar system. 20 Creation of animal life. 26 Creation of immortal man. 29 The appointment of food.

IN the beginning God created the heaven and the earth.

2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

3 ¶ And God said, Let there be light: and there was light.

4 And God saw the light, that it was good: and God divided the light from the darkness.

5 And God called the light Day, and the darkness Night. And there was evening and there was morning, the first day.

6 And God said, Let there be a firmament of water, and let it divide the waters from the waters.

7 And God made the firmament, and divided the waters from the waters.

8 And God called the firmament Heaven. And there was evening and there was morning, the second day.

9 And God said, Let the waters bring forth abundantly the living creature that hath life, and fowl that hath life upon the earth in the open air.

10 And God created the great whales, and every living creature that hath life, and fowl that hath life upon the earth, and every beast that hath life, which the waters brought forth.

11 And God created the great whales, and every living creature that hath life, and fowl that hath life upon the earth, and every beast that hath life, which the waters brought forth.

The Bible History Old Testament 3:

Bible History Old Testament Volume 3 - Alfred Edersheim Alfred Edersheim, 2019-02-18 In this book Alfred Edersheim looks at a large array of different aspects of Old Testament history He states that In writing this book I have primarily had in view those who teach and those who learn whether in the school or in the family But my scope has also been wider I have wished to furnish what may be useful for reading in the family what indeed may in some measure serve the place of a popular exposition of the sacred history More than this I hope it may likewise prove a book to put in the hands of students to show them what the Bible really teaches *The Bible History, Old Testament, Volume 3: Israel Under Joshua and the Judges* Alfred Edersheim, 2015-12-01 Alfred Edersheim was a Jewish convert to Christianity who wrote a massive multi volume tome on the history of the Bible From the preface THE history of Israel viewed as the Theocracy or Kingdom of God consists of three periods First that under the guidance of Prophets from Moses to Samuel Secondly that under the rule of Kings from Saul to the Babylonish Captivity and Thirdly that under the reign of High Priests from Ezra to the birth of Jesus Christ Thus the Theocracy had passed through its full typical development in all its stages when He came to Whom they all pointed Jesus Christ the Prophet King and High priest of the Kingdom of God The period described in the present volume closes one of these stages and commences another The connecting link between them was Samuel who alone fully realized the mission of the Judges and who was also Divinely appointed to inaugurate the new institution of royalty in Israel That royalty next appeared in its twofold possibility or as we might express it in its negative and positive aspects Saul embodied the royal ideal of the people while David represented the Scriptural ideal of royalty in its conscious subjection to the will of the Heavenly King Saul was so to speak the king after Israel's David after God's own heart But with the actual introduction of monarchy the first period had come to an end and a new era begun which was intended to continue till the third and last preliminary stage was reached which prepared the way for the Advent of Him Who was the fulfillment of the typical meaning of all From what has been said it will be inferred that the period about to be described must have witnessed the birth of new ideas and the manifestation of new spiritual facts otherwise spiritual advancement would not have kept pace with outward progress But it is in the rhythm of these two that the real meaning of Scripture history lies marking as it does the pari passu inner and outer development of the kingdom of God On the other hand the appearance of new ideas and spiritual facts would necessarily bring out in sharper contrast the old that was passing away and even lead to occasional antagonism Of course these new ideas and facts would not at first be fully understood or realized They rather pointed towards a goal which was to be reached in the course of history For nothing could be more fatal to the proper understanding of Holy Scripture or of the purposes of God in His dealings with His ancient people than to transport into olden times the full spiritual privileges the knowledge of Divine truth or even that of right and duty which we now enjoy It is not to do honor but dishonor to the Spirit of God to overlook the educational process of gradual development which is not only a necessity of our nature but explains our

history A miracle of might could indeed have placed the age of Samuel on the same spiritual level with that of the New Testament at least so far as regards the communication of the same measure of truth But such an exhibition of power would have eliminated the moral element in the educational progress of Israel with the discipline of wisdom mercy and truth which it implied and indeed have rendered the whole Old Testament history needless *The United States Catalog* Mary Burnham,Carol Hurd,1928 *Catalogue of the Free Public Library of Lynn, Mass.
