fusion centers and reveals a broader shift away from mass incarceration and toward a more surveillance and police intensive system of social regulation. Provided with unprecedented access to domestic intelligence centers, Brendan McQuade uncovers how the institutionalization of intelligence fusion enables decarceration without fully addressing the underlying social problems at the root of mass incarceration. The result is a startling analysis that contributes to the debates on surveillance, mass incarceration and policing and challenges readers to see surveillance, policing, mass incarceration and the security state in an entirely new light. **Pragmatics of Uncertainty** Joseph B. This work presents entries on a broad range of topics related to the FBI, including biographical sketches of directors, agents, attorneys general, notorious fugitives and people both well known and unknown, targeted by the FBI, events, cases and investigations such as ILLWIND, ABSCAM and Amerasia, FBI terminology and programs such as COINTELPRO and VICAP, organizations targeted for surveillance or disruption, including the KGB and the Ku Klux Klan, and various general topics such as psychological profiling, fingerprinting and electronic surveillance. It begins with a brief overview of the FBI's origins and history.    **Bowker's Complete Video Directory 2001**, 2001    **Victoria's Tin Dragon** Satya V. Sood, 2007.
