Over the sixty years of his existence Batman has encountered an impressive array of cultural icons and has gradually become one himself. This fascinating book examines what Batman means and has meant to the various audiences, groups and communities who have tried to control and interpret him over the decades. Brooker reveals the struggles over Batman's meaning by shining a light on the cultural issues of the day that impacted on the development of the character. They include patriotic propaganda of the Second World War, the accusation that Batman was corrupting the youth of America by appearing to promote a homosexual lifestyle to the fans of his comics, Batman becoming a camp pop culture icon through the ABC TV series of the sixties, fans' interpretation of Batman in response to the comics and the Warner Bros franchise of films. **For**

Gender Equity in the Early Years Naima Browne, 2004 Gender Equity in the Early Years critically evaluates the extent to which current early years policies, provision and practice promote and foster gender equity. It explores the rationale for the drive to employ more men in the early years field and examines the link made between underachievement in boys and the feminine nature of early years provision. It also looks at the underpinning philosophy and impact of the Foundation stage in early years provision. Taking into consideration recent research, this book considers the validity of the scientific conclusions being drawn about the biological basis for gender differences. Children's perceptions of masculinities and femininities are also under scrutiny as the author analyses their imaginative role play and storytelling in early years settings. The author also looks at the principles behind the pre-school provision in Reggio Emilia and focuses on the extent to which this approach

fosters gender equity This groundbreaking book is essential reading for professionals working with young children students on early childhood education and early childhood studies courses and heads and deputies in nurseries and primary and nursery schools *Life* ,1966
