## Fall Boots Top Sign In:

*Shoe Retailer and Boots and Shoes Weekly*, 1904      *Boot and Shoe Recorder*, 1897      **September Fall** Jenny Plumb, 2020-09-08 Sadie's dream of becoming a professional cheerleader is dashed with one misstep during a hike. A devastating fall leads to a summer filled with surgery, recovery, and depression-fueled anger. Forced to go to anger management class, she runs into Adam, the star quarterback for her college football team. The fact that he doesn't recognize her at first when she cheered for every one of his games last year makes her realize just how far she's fallen. Adam's dream of becoming a professional football player is dashed when he's arrested for assaulting a man accused of rape. His spectacular fall from grace gets him suspended from the football team and shatters his confidence. He's so distracted by his own anger and frustration with life that he barely acknowledges the woman that sits next to him in anger management class. Once she starts talking, he quickly realizes who she is and remembers that they had a one-night stand the year before, making him think even less of himself than he already did. Sadie and Adam quickly bond over their respective life-changing events, and Adam asks her out. But after her fall, Sadie has decided that life is too short to have a relationship where her needs aren't being met. She tells Adam that she enjoys pain and often fantasizes about it. He balks at first, but after some bold persuasion on her part, he gives in and tries it out. She has the best sex of her life while he feels like a monster because he enjoys hurting her. Can her love and support help him recover his confidence and accept his kink? And in return, can his love and guidance renew her enthusiasm for life?

Soldier, assassin, and special agent Max McLean works for a highly secretive unit called The Unknown, a black ops team which delivers off-the-books justice on behalf of the British Government. Cut off from his base and cut loose by his Government handlers, he's forced to go even deeper underground, propelled across Europe on a personal high-stakes investigation to clear his name. Racing against time to find out who his enemy is before his enemy finds him, Max has to unravel the only clue he has to their identity: an unusual hundred-dollar bill clutched in the dead terrorist's fist. But in this brutal game of spies, nothing is as it seems, as hostile powers prepare to move against the West.
