## **Holiday Gift Guide How To Login:**

**Restricted Access** Elizabeth Ellcessor, 2016-03-29 How reconsidering digital media and participatory cultures from the standpoint of disability allows for a full understanding of accessibility While digital media can offer many opportunities for civic and cultural participation this technology is not equally easy for everyone to use Hardware software and cultural expectations combine to make some technologies an easier fit for some bodies than for others A YouTube video without closed captions or a social network site that is incompatible with a screen reader can restrict the access of users who are hard of hearing or visually impaired Often people with disabilities require accommodation assistive technologies or other forms of aid to make digital media accessible useable for them Restricted Access investigates digital media accessibility the processes by which media is made usable by people with particular needs and argues for the necessity of conceptualizing access in a way that will enable greater participation in all forms of mediated culture Drawing on disability and cultural studies Elizabeth Ellcessor uses an interrogatory framework based around issues of regulation use content form and experience to examine contemporary digital media Through interviews with policy makers and accessibility professionals popular culture and archival materials and an ethnographic study of internet use by people with disabilities Ellcessor reveals the assumptions that undergird contemporary technologies and participatory cultures Restricted Access makes the crucial point that if digital media open up opportunities for individuals to create and participate but that technology only facilitates the participation of those who are already privileged then its progressive potential remains unrealized Engagingly written with powerful examples Ellcessor demonstrates the importance of alternate uses marginalized voices and invisible innovations in the context of disability identities to push us to rethink digital media accessibility **Access**, 2004 **Web Designer's Idea Book, Volume 4** Patrick McNeil, 2014-10-17 Discover the latest trends in web design Looking for inspiration for your latest web design project Expert Patrick McNeil author of the popular Web Designer's Idea Book series is back with all new examples of today's best website design Featuring more than 650 examples of the latest trends this fourth volume of The Web Designer's Idea Book is overflowing with visual inspiration Arranged categorically this fully illustrated guide puts important topics like design styles elements themes and responsive design at your fingertips This new volume also includes a detailed discussion of portfolios to help you stay ahead of the pack and keep your portfolio fresh and relevant The world of web design is constantly reinventing itself Stay on top of what's hot with the latest installment of this indispensable reference Network World, 2003-12-15 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce Mom Minus Dad: The Essential Resource Guide for Busy Adults with a Newly Widowed Parent Jamieson

Haverkamp,2008-05-09 Mom Minus Dad is the only resource guide available with more than 500 resources for adults who lose a parent and need to assist a newly widowed parent The book provides readers with practical advice on ten major parent loss topics along with more than 500 valuable and time saving resources including Web sites companies government resources U S laws books and nonprofit organizations to assist the approximately twelve million sons and daughters who lose a parent every year Each section provides online and book resources and simple practical solutions to common problems from finding affordable counseling to building new budgets for the widowed parent to managing changing family dynamics Each chapter reveals ideas relevant insights from the author s personal experience questions to consider and additional resources to find specific assistance The author of Mom Minus Dad gleaned intimate knowledge of balancing her own life with a newly widowed parent Ms Haverkamp assisted her fifty six year old widowed mother in Virginia while still running her real estate business in California after the early unpredicted loss of her father to cancer In her groundbreaking book Haverkamp shares how she and her sister both in their early thirties found success and managed struggles during their journey after their father s death This is a reference guide griever s will refer to during the year after loss and years beyond
