Netflix Review:

Netflix's Ripley Joy McEntee, 2025-11-19 This book traces the intertextual genealogy behind Netflix's new series *Ripley* directed by Steve Zaillian and offers a critical examination of Tom Ripley's enduring appeal across different media. As the series quickly climbs Netflix's international charts, this volume provides a timely and insightful contribution to the *Ripleyverse* exploring the character's complex moral and sexual dimensions in today's cultural context. McEntee investigates Ripley's role within the televisual antihero genre engaging with theories from Jason Mittell's *Complex TV* and Margrethe Bruun Vaage's *The Antihero in American Television*. While Andrew Scott's portrayal of Ripley aims to generate empathy, this book contends that traditional frameworks for understanding antiheroes are insufficient. Instead, it introduces Eric Leake's notion of difficult empathy as a more appropriate model for analyzing Scott's Ripley, offering a fresh perspective on the character's moral ambiguity. This contrasts sharply with Anthony Minghella's 1999 adaptation where Matt Damon's Ripley elicited a more straightforward emotional response. Readers will discover a nuanced discussion of how Ripley both adheres to and subverts the conventions of the antihero genre and comments self-reflexively on the process of adaptation. The book invites scholars and students of television studies, film, and literature to engage with these themes, providing a rich resource for understanding the evolving landscape of media narratives. Whether you are a scholar of media studies or a curious reader intrigued by the complexities of modern narratives, this book promises to deepen your understanding of the cultural significance of Tom Ripley's latest iteration.

The Discourse of Online Consumer Reviews Camilla Vásquez, 2014-06-19 *The Discourse of Online Reviews* is the first book to provide an account of the discursive, pragmatic, and rhetorical features of this rapidly growing form of technologically mediated communication. Examining a corpus of over 1,000 consumer reviews, Camilla Vásquez explores many of the discourse features that are characteristic of this new user-generated, computer-mediated and primarily text-based genre. She investigates the language used by reviewers as they forge connections with their audiences to draw them into their stories as they construct their expertise and authority on various subjects and as they evaluate and assess their consumer experiences. She also demonstrates how reviewers display their awareness about emerging conventions of the very genre in which they are participating. This book adopts an eclectic approach to the analysis of discourse and explores topics such as evaluation, identity, and intertextuality as they occur in online reviews of hotels, restaurants, recipes, films, and other consumer products.

Netflix's role in the South Korean over-the-top-video market Mara Kasten, 2021-05-19 Seminar paper from the year 2019 in the subject Communications: Movies and Television, grade 1.0, University of Tübingen, Institut für Medienwissenschaft, course: Global Media Theory, language: English, abstract: This paper discusses on the one hand the South Korean hereafter Korea OTT over-the-top video market and the struggles of foreign SVOD (subscription video on demand) services in Korea. On the other hand, it looks at the distribution of Korean media content in a global context through digital platforms. The primary example chosen is Netflix. First, I will briefly review the

selected literature then list the rationale and thesis before explaining why a political economy approach is used and what theoretical framework is applied in the analysis In the main section the objects of analysis are the highly competitive Korean OTT market and the role of Netflix in the distribution of Korean content outside of Korea Finally in the conclusion I will reiterate the rationale and state how I have argued the thesis statement Additionally the main findings will be summarized and the usefulness of the selected theoretical framework evaluated

Navigating Souths Michele Grigsby Coffey, Jodi Skipper, 2017-08-01 The work of considering imagining and theorizing the U S South in regional national and global contexts is an intellectual project that has been going on for some time Scholars in history literature and other disciplines have developed an advanced understanding of the historical social and cultural forces that have helped to shape the U S South However most of the debates on these subjects have taken place within specific academic disciplines with few attempts to cross engage Navigating Souths broadens these exchanges by facilitating transdisciplinary conversations about southern studies scholarship The fourteen original essays in Navigating Souths articulate questions about the significances of the South as a theoretical and literal home base for social science and humanities researchers They also examine challenges faced by researchers who identify as southern studies scholars as well as by those who live and work in the regional South and show how researchers have responded to these challenges In doing so this book project seeks to reframe the field of southern studies as it is currently being practiced by social science and humanities scholars and thus reshape historical and cultural conceptualizations of the region

The Georgia Review ,2020 **Trade Policy Review** ,2020 **Reviews of Netflix Films** Anna Faktorovich, 2016-05-11 This first issue of Cinematic Codes Review includes three film studies essays Richmond B Adams writes about an alternative perspective on Canon Doyle s Sherlock Holmes Trevor Seigler s essay focuses on Paris as Antoine Doinel saw it Finally Michael T Smith

discusses subversive sexuality in Stanley Kubrick's *Dr Strangelove*. The Editor Anna Faktorovich contributes a series of reviews of pop art documentary series and other films she has been watching on Netflix with screenshots to illustrate her points. There is also a review of *Livide*, a vampire horror film by Jane M. Kubiesa. The last section includes drawings from a widely displayed artist Allen Forrest. The Cinematic Codes Review will feature works in all visual genres especially those with moving pictures be they music videos feature films documentaries photography or just about any other mode or genre of art that does not fall into the realm of literature which will be the primary object of Anaphora's Pennsylvania Literary Journal. The other term in the name is codes and the intention here is to go beyond the simple summary or theme of the projects criticized in this journal's pages to the codes and meanings that are hidden beyond the superficial. The third component of the journal is a dedication to reviewing and criticizing the arts as opposed to applauding and viewing them. A great review should help artists to make better art by pointing out flaws. There is no such thing as perfect art as all art is still in its infancy and the last couple of centuries have seen great leaps in its evolution. There is a long road ahead for art and it's the critics job to take it in the right direction. Artists are not children that need to be congratulated on their mistakes. They should see profits in honest negativity and the downfall of creativity in false flattery. [Class Action Litigation Report](#), 2010 **The Ifilm Internet Movie Guide** Lew Harris, 2002.
