Coding Jennifer Connor-Smith,2020-04-07 The best part about coding is that anyone with a computer can learn how to do it From education to healthcare to entertainment software touches almost every aspect of twenty first century life Take a high level perspective on the types of people who create that software including many jobs that do not involve writing code at all Learn about the software development cycle and the huge variety of skills developers draw on including psychology mathematics and art to create amazing apps and programs Explore why diversity is needed to prevent bias in design Learn about the different coding languages and what they are used for how developers choose a language and tools that simplify coding Jennifer Connor Smith breaks down stereotypes about coding as a career that is open only to technology obsessed gamers revealing ways people use software to improve medical care nurture dementia patients promote social justice and more Hands on activities show you how easy it is to learn to think like a coder The next generation of coders will require diverse teams creativity and ethical codes of conduct to create the best and most successful software Will you be one of them

The Burnout Cure Chase Mielke,2019-03-19 How can you energize yourself to maintain or regain a positive outlook and love of teaching What specific immediate actions can you take to enhance your well being and thrive both on and off the job Award winning teacher Chase Mielke draws from his own research lesson plans and experiences with burnout to help you change your outlook strengthen your determination to be a terrific teacher and reignite your core passion for teaching Often lighthearted yet thoroughly grounded in research on social emotional learning and positive psychology The Burnout Cure explains how shifts in awareness attitudes and actions can be transformational for you and for your students The book describes specific steps related to mindfulness empathy gratitude and altruism that you can use on your own and with students via classroom lessons and activities Equipped with these tools teachers can be their best so they can give their best to the learners in their care Infrastructures in Practice Elizabeth Shove, Frank Trentmann,2018-09-17

Infrastructures in Practice Elizabeth Shove, Frank Trentmann,2018-09-17 Infrastructures in Practice shows how infrastructures and daily life shape each other Power grids roads and broadband make modern lifestyles possible at the same time their design and day to day operation depends on what people do at home and at work This volume investigates the entanglement of supply and demand It explains how standards and normal ways of living have changed over time and how infrastructures have changed with them Studies of grid expansion and disruption heating systems the internet urban planning and office standards smart meters and demand management reveal this dynamic interdependence This is the first book to examine the interdependence between infrastructures and the practices of daily life It offers an analysis of how

new technologies lifestyles and standards become normalised and fall out of use It brings together diverse disciplines history sociology science studies to develop social theories and accounts of how infrastructures and practices constitute each other at different scales and over time It shows how networks and demands are steered and shaped and how social and political visions are woven into infrastructures past present and future Original wide ranging and theoretically informed this book puts the many practices of daily life back into the study of infrastructures The result is a fresh understanding of how resource intensive forms of consumption and energy demand have come about and what is needed to move towards a more sustainable lower carbon future

The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us Joe Federer,2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought

provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy, and psychology as well as more than a decade of hands-on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego, and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets: platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way, you behave differently when you're home alone, out with friends, communicating with family, or interacting with coworkers: people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn how to create content that drives sharing and word of mouth; how brands can fit natively into different types of social channels; how to balance branded social presences across different networks; why authenticity will only grow in importance to consumers. Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient use of your media buys, establish more thoughtful strategies, develop better creative, and in the end, deliver more effective marketing that provides value.

Talk of Shame Alex Everwood, 2017-11-14

Goodbye high school. Hello Alpha Chi. Somerville University. Katie, Jill, and Beatrice kick off freshman year with high hopes, but life doesn't go as planned. Old grudges bubble up. New friendships aren't what they seem. One thing is for sure: no one wants to get caught on the Talk of Shame feed, the university's unofficial gossip site. One bad pic and your reputation is shot. Unfortunately, that's a lesson learned the hard way. TalkOfShame. Katie's hard work got her into the prestigious university. Her aunt is paying her tuition on one condition: Katie must join a sorority, Kappa Kappa Theta (KKT). There's just one problem: Katie was kicked out of the cool clique in high school. Now she's independent and scared to become a sorority girl. But is she using independence to protect herself from forming relationships? Especially if it's with the gorgeous editor of Somerville University's student newspaper, Jill, who chose Somerville for one reason: Alpha Chi Alpha (AXA). It's the most stunning sorority house on campus, and only the prettiest girls become sisters. Jill has always been a southern belle whose confidence and humor have won her lots of friends and quite a few hookups. She has yet to have a steady boyfriend, but that'll happen automatically once becoming a Chi Alpha. Right? And then there's Beatrice. The perfect frenemy, something that comes easy to the young coed. A member of Chicago's wealthy elite, Beatrice wears only the best labels, drives only the hottest cars. But her status comes at a price: lasting friendship. Beatrice manipulates others in order to protect herself, and her childhood friendship with Katie was the first one to suffer. Will Somerville give her the chance to reconcile and find her true self? Katie, Jill, and Beatrice may not always get along, but together they champion and struggle with the ins and outs of Greek Row: a life of hookups, heartbreak, backstabbing, and

cheating Both in and out of the classroom For fans of Bright Side by Kim Holden Commencement by J Courtney Sullivan and the TV Series Gossip Girl About the Author Alex Everwood is the pen name of Christian Liberty Marshall an Austrian based writer and musician with degrees from Vanderbilt University and University of Music and Performing Arts Graz When not performing as a violist Christian can be found teaching at the Popakademie Baden W rttemberg writing educational material for children or translating German literature
