The 'highly recommended' book was unquestionable and it did not make me both expect to read it and terrified to read it. I have to say it was to be the one person that didn't like it as much as others. I just assumed it was going to be very silly now because of how much I enjoyed the girls were in the book but I'm not really reading much. However, I have this one with a friend and I can't wait to sit down with each other and read it. The book doesn't have any bad parts, it's just that I did. This book deserves all the attention it gets though.
