

Museums and sport centres should get more money

The youth of today only focus mainly on their phone. We want to change that!. That is why museums should get more money from authorities. And for the sport centres it should be accessible for everybody instead of only for the rich. It has to be changed! That is why in this essay I will discuss why sport centres and museums should get form money from the authorities

The sport centres should be getting more money, because it is only accessible for the rich. That all has to do with the Corona pandemic which we all had to face. In that pandemic, many people lost their jobs and had a difficult time and some even got into a depression. And to make things worse, things that a person needs on a daily basis started to get more expensive due to the inflation. And if we take a look in today it still has a big impact on society. So that is why the authorities should give more money to the sport centres to make it firstly affordable, so that the sport centres are not only accessible for the rich but also for the people that have not got that much money.

The facilities that also should get more money are museums, because In general teenagers do not like museums. Every time when the teacher said to the pupils that we are attending a museum people would shout "BORING!" and eventually some classmates would skip the outing. Most teenagers see a museum for more elderly people, because they like the arts that hang on the wall and take pictures from it. And read the story about the painting under the art. So if the museums get more money they can organise something focused on the youth. To make them more interested. That is why they must receive more money from the local authorities.

In conclusion, in my opinion authorities should give more money to the museums, is to make the youth more interested in art. And the sport centres so that the sport centres are not only accessible for the rich but also for the people that have not got that much money.
