The Art of Investigation Revisited Chelsea A. Binns, Bruce Sackman, 2023-09-13 The Art of Investigation Revisited Practical Tips from the Experts examines the qualities required to be a professional thorough and effective investigator and is a follow up to the authors highly touted book The Art of Investigation 2019 This book features a wholly new line up of investigators experienced professionals in the field who delve into the soft skills that make an investigator effective Each chapter examines a specific quality required to be a professional thorough and most importantly successful in this challenging discipline The editors and contributing authors are all top in their field and bring a wealth of real world knowledge and experience to the subject While several publications exist on the procedures and steps of an investigation few books cover the creative and intuitive skills required Such traits are necessary to continually question in the face of investigative roadblocks unique qualities endemic to an inquisitive mind that can be trained to improve an investigator's professional skill set Each chapter discusses the applicability of the traits and requirements to the contributor's own work and experience as an investigator In doing so the contributors will provide valuable stories from their personal experience which demonstrates their use or a given trait and its importance in the course of their investigative work and career The case examples included throughout are engaging and as is often the case surprising An investigator must keep an open mind above all else and this book seeks to lift the veil on the inner workings of an investigation and the thought process and inner monologue of an investigator as part of that process The book is a welcome addition to any investigator's toolkit and is also of interest to students in criminal justice security and Homeland Security programs security consultants corporate and private security professionals and the legal community

*The Red Pill* Conrad Riker, Are You Tired of Being Demonized for Being a Man This Book Is Your Declaration of Independence Do you feel silenced for questioning the wage gap myth or feminist Marxist propaganda Are you sick of being treated as a walking wallet in divorce courts while losing custody of your kids Why does society praise male sacrifice in war but shame masculinity in peace Expose the real data behind feminist lies about pay power and oppression Learn how evolutionary biology proves men and women thrive in different roles and why that's okay Discover why no fault divorce is legalized theft and how to protect yourself Defend yourself against false accusations and BelieveAllWomen mob justice Uncover the Marxist roots of gender studies indoctrination destroying campuses Reverse the beta male crisis with actionable steps to rebuild strength purpose and respect Fight back against censorship and reclaim free speech in a world that hates male dissent Join the red pilled resistance saving Western civilization from demographic collapse If you want to arm yourself with the truth and reclaim your rightful place in a world that needs strong men buy this book today

Beyond Banks Dan Awrey, 2024-10-22 How new technology is rapidly changing the nature of money and the way we pay A diverse and growing range of financial institutions and platforms from PayPal and Venmo to WeChat Alipay and the brave new world of stablecoins has harnessed new technology to disrupt the system of money and payments as we know

it Beyond Banks explains why this disruption holds out the promise of faster cheaper more convenient and more secure payments but also how it increasingly risks exposing consumers businesses and governments to the problem of bad money Dan Awrey traces the origins of our current bundled system of banking money and payments He explains why the problem of bad money the result of antiquated and inadequate laws and regulation that fail to establish credible commitments to hold transfer or return a customer s money on demand requires that policymakers fundamentally rethink their approach toward the design of the laws and institutions at the heart of this system He presents ways to effectively unbundle banking from money and payments ensure the credibility of monetary commitments and promote the stability of this system Awrey also envisions a more forward looking role for policymakers in encouraging greater technological experimentation competition and innovation in the realm of payments Beyond Banks sheds critical light on the important but too often dysfunctional relationship among technology regulation and money and lays the foundations for a safer more nimble and more inclusive system of money and payments

**The Autonomous Revolution** William H. Davidow, Michael S. Malone, 2020-02-18 The bestselling authors of The Virtual Corporation describe how the rise of AI and virtual environments are ushering in an epic cultural transformation We are at the dawn of the Autonomous Revolution a turning point in human history as decisive as the Agricultural and Industrial Revolutions More and more AI based machines are replacing human beings and online environments are gathering our data and using it to manipulate us This loss of human autonomy amounts to nothing less than a societal phase change a fundamental paradigm shift The same institutions will remain schools banks churches and corporations but they will radically change form obey new rules and use new tools William H Davidow and Michael S Malone go deeply into the enormous implications of these developments They show why increases in productivity no longer translate into increases in the GDP and how zero cost one to many communications have been turned into tools for cybercrime and propaganda Many of the book s recommendations such as using taxes to control irresponsible internet behavior and enabling people to put their data into what are essentially virtual personal information safety deposit boxes are bold and visionary but we must figure out how we will deal with these emerging challenges now before the Autonomous Revolution overcomes us Lots of books talk about what s happening This book talks about the why behind the what It will transform your view of the future Geoffrey Moore bestselling author of Crossing the Chasm A provocative work combining historical inquiry present day technology crises and possible future solutions Library Journal
