Written for members of the Anthroposophical Society this book is a profound study of a series of different incarnations linked to the figures of Ita Wegman and Rudolf Steiner Spread over six disparate lifetimes they range from Gilgamesh and Eabani Enkidu in Uruk ancient Chaldea to the Goetheanum in Dornach Switzerland the twentieth century setting of the world centre of anthroposophy Based on copious historical research verbal statements and not a little spiritual insight this rare and valuable work reprinted here for the first time features many illustrations and facsimiles of documents and personal letters

The Kingdom of Childhood Rudolf Steiner,1995-07 You should not have any mystical ideas about meditation nor should you think it is easy Meditation must be completely clear in the modern sense Patience and inner soul energy are needed and above all it depends on an act that no one else can do for you it requires an inner resolve that you stick to When you begin to meditate you are performing the only completely free activity there is in human life Rudolf Steiner This completely revised edition provides an ordered sequence of statements by Steiner on the development of higher suprasensory knowing Imagination Inspiration and Intuition Nine chapters take the reader from the idea of inner development through the cultural and evolutionary need for higher knowing and then to examples of the practices and inner gestures required by this work Steiner describes the necessary steps and stages always insisting on the free individual and cognitive character of anthroposophic spiritual research This essential inner guide is for anyone on a path of true spiritual development
