**The Digital Is Kid Stuff** Josef Nguyen, 2021-12-28  
How popular debates about the so-called digital generation mediate anxieties about labor and life in twenty-first-century America. The children are our future goes the adage, a proclamation that simultaneously declares both anxiety as well as hope about youth as the next generation. In *The Digital Is Kid Stuff* Josef Nguyen interrogates this ambivalence within discussions about today's digital generation and the future of creativity, an ambivalence that toggles between the techno-pessimism that warns against the harm of too much screen time and a techno-utopianism that foresees these digital natives leading the way to innovation, economic growth, increased democratization, and national prosperity. Nguyen engages cultural histories of childhood, youth, and creativity.
