

The image shows a template for a technical user manual cover. The background is white with several diagonal, curved bands in shades of light gray. A large, solid black triangle points upwards from the bottom left corner, covering the lower half of the page. In the upper left part of this black triangle, there is a white circle containing the text 'YOUR LOGO'. Below this, the word 'TECHNICAL' is written in large, bold, purple capital letters. Underneath 'TECHNICAL', the word 'USER' is written in bold, white capital letters. A thin horizontal purple line separates 'USER' from the word 'MANUAL', which is written in white capital letters below the line. In the bottom right corner of the black area, the text 'Template.net' is written in a small, white, sans-serif font.

Technical Documentation Best Practices - Visually Designing Modern Help Systems and Manuals Marc Achteleg, 2020-10-25 Aesthetics isn t the only thing that you should be striving for when designing a user manual template or the style sheet of an online help system When creating technical documentation usability readability and simplicity are at least just as crucial The design should please the eye but at the same time it must communicate the content clearly In addition paragraph styles and character styles should be

efficient to use for the author when writing the document The layout process should be automated as much as possible Because most user assistance documents are frequently updated during their life cycle an automated layout process is much more important here than with other kinds of literature Setting up templates and style sheets that are efficient to use when creating and updating user assistance requires a lot of experience in technical writing The rules presented in this book are the essence of this experience All chapters provide various examples that you can use for inspiration and as starting points for your own designs Topics covered Layout basics Setting the type area Choosing fonts and spacing Creating semantic styles Organizing styles hierarchically Recommended screen layouts Recommended page layouts Recommended table designs Recommended paragraph styles Recommended character styles
