Thank You Anarchy Notes From The Occupy Apocalypse:

Thank You, Anarchy Nathan Schneider, 2013-09-17 Thank You Anarchy is an up close inside account of Occupy Wall Street's first year in New York City written by one of the first reporters to cover the phenomenon Nathan Schneider chronicles the origins and explosive development of the Occupy movement through the eyes of the organizers who tried to give shape to an uprising always just beyond their control Capturing the voices encounters and beliefs that powered the movement Schneider brings to life the General Assembly meetings the chaotic marches the split second decisions and the moments of doubt as Occupy swelled from a hashtag online into a global phenomenon A compelling study of the spirit that drove this watershed movement Thank You Anarchy vividly documents how the Occupy experience opened new social and political possibilities and registered a chilling indictment of the status quo It was the movement's most radical impulses this account shows that shook millions out of a failed tedium and into imagining and fighting for a better kind of future

Seizing the Square Daniel Palm, 2020-10-12 This book discusses global dynamics behind the synchronous outburst of protests in China and Germany in 1989 and the local acts of dissent on the squares comparatively It breaks with the national timelines protests in 1989 have so far been identified with and offers insights into the spatial manifestation of the global moment of 1989 Concluding on the importance of the SpaceTime on the seized squares in 1989 it also discusses more recent protests forming on city squares Offering a global perspective on a phenomenon that itself became global in the last decades the book provides a view on globalization processes operating from below that puts the occupied space on city squares at the heart of interest

Unruly Rhetorics Jonathan Alexander, Susan C. Jarratt, Nancy Welch, 2018-10-26 What forces bring ordinary people together in public to make their voices heard What means do they use to break through impediments to democratic participation Unruly Rhetorics is a collection of essays from scholars in rhetoric communication and writing studies inquiring into conditions for activism political protest and public assembly An introduction drawing on Jacques Rancière and Judith Butler explores the conditions under which civil discourse cannot adequately redress suffering or injustice The essays offer analyses of unruliness in case studies from both twenty first century and historical sites of social justice protest The collection concludes with an afterword highlighting and inviting further exploration of the ethical political and pedagogical questions unruly rhetorics raise Examining multiple modes of expression embodied print digital and sonic Unruly Rhetorics points to the possibility that unruliness more than just one of many rhetorical strategies within political activity is constitutive of the political itself

Hacker, Hoaxer, Whistleblower, Spy Gabriella Coleman, 2014-11-04 The ultimate book on the worldwide movement of hackers pranksters and activists collectively known as Anonymous by the writer the Huffington Post says knows all of Anonymous deepest darkest secrets A work of anthropology that sometimes echoes a John le Carr novel Wired Half a dozen years ago anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption before Anonymous shot

to fame as a key player in the battles over WikiLeaks the Arab Spring and Occupy Wall Street She ended up becoming so closely connected to Anonymous that the tricky story of her inside outside status as Anon confidante interpreter and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book The narrative brims with details unearthed from within a notoriously mysterious subculture whose semi legendary tricksters such as Topiary tflow Anachaos and Sabu emerge as complex diverse politically and culturally sophisticated people Propelled by years of chats and encounters with a multitude of hackers including imprisoned activist Jeremy Hammond and the double agent who helped put him away Hector Monsegur Hacker Hoaxer Whistleblower Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age including the history of trolling the ethics and metaphysics of hacking and the origins and manifold meanings of the lulz

Bloomberg Chris McNickle, 2017-09-19 Examine the Bipartisan Legacy of a Remarkable Billionaire Politician Bloomberg A Billionaire s Ambition tells the story of how one of America s most successful entrepreneurs was elected mayor of New York City and what he did with the power he won Bloomberg s stunning victory against all odds just weeks after the 9 11 terrorist attack left him facing challenges unlike any mayor in history For the next twelve years he kept the city safe managed budgets through fiscal crises promoted private sector growth generated jobs built infrastructure protected the environment supported society s cultural sensibilities and achieved dramatic improvements in public health Bloomberg was an activist executive who used government assets boldly and wisely for the greatest good for the greatest number of people His time as mayor was not without controversy Bloomberg supported stop and frisk police tactics that a judge ruled unconstitutional and jailhouse violence rose to levels so severe the federal government intervened The administration s homeless policies were ineffective And he forced a change in the city charter to allow him to serve a third term Overall record low crime and the lasting impact of innovative policies will cause his tenure to be remembered as a remarkable success Having returned to his global media empire and to his private philanthropy Bloomberg continues to challenge the National Rifle Association on gun control promote national education reform and support policies to combat climate change Frequently touted as an independent candidate for president Bloomberg leaves behind a legacy of effective government

On Anarchism Noam Chomsky, 2013-11-05 On Anarchism provides the reasoning behind Noam Chomsky s fearless lifelong questioning of the legitimacy of entrenched power In these essays Chomsky redeems one of the most maligned ideologies anarchism and places it at the foundation of his political thinking Chomsky s anarchism is distinctly optimistic and egalitarian Moreover it is a living evolving tradition that is situated in a historical lineage Chomsky s anarchism emphasizes the power of collective rather than individualist action The collection includes a revealing new introduction by journalist Nathan Schneider who documented the Occupy movement for Harper s and The Nation and who places Chomsky s ideas in the contemporary political moment On Anarchism will be essential reading for a new generation of activists who are at the forefront of a resurgence of interest in anarchism and for anyone

who struggles with what can be done to create a more just world
