SURFACE DETAIL

Surface Detail Culture

Marleen S. Barr

Surface Detail Culture:

Surface Detail Iain M. Banks, 2010-10-28 *Surface Detail* is among Iain M Banks Culture novels a breathtaking achievement from a writer whose body of work is without parallel in the modern history of science fiction. It begins in the realm of the Real where matter still matters. It begins with a murder. And it will not end until the Culture has gone to war with death itself. Lededje Y breq is one of the Intagliated, her marked body bearing witness to a family shame her life belonging to a man whose lust for power is without limit. Prepared to risk everything for her freedom, her release when it comes is at a price and to put things right she will need the help of the Culture. Benevolent, enlightened and almost infinitely resourceful though it may be, the Culture can only do so much for any individual. With the assistance of one of its most powerful and arguably deranged warships, Lededje finds herself heading into a combat zone, not even sure which side the Culture is really on. A war brutal, far-reaching, is already raging within the digital realms that store the souls of the dead and it's about to erupt into reality. It started in the realm of the Real and that is where it will end. It will touch countless lives and affect entire civilizations but at the center of it all is a young woman whose need for revenge masks another motive altogether. The Culture Series Consider Phlebas, The Player of Games, Use of Weapons, The State of the Art, Excession, Inversions, Look to Windward, Matter, Surface Detail, The Hydrogen Sonata.

[Masculinity in Contemporary Science Fiction by Men](#)

Sara Martín, 2025-05-30 *Masculinity in Contemporary Science Fiction by Men* *No Plans for the Future* is the first comprehensive study of the self representation of men in SF novels published in the twenty first century by male authors. Exploring a broad selection of writers and works, the fourteen chapters present a panoramic overview of men's contributions to current SF and explore their slow but noticeable progress in the representation of gender. The impact of feminism and gender studies and the demands of readers have profoundly transformed men's SF, which now presents far more caring and vulnerable male characters. The old stereotypes are being replaced by a collective reflection on how men and masculinity are changing, though the lack of a common agenda results in novels that, while exciting and often challenging, sometimes miss the chance to imagine a better anti-patriarchal, pro-feminist future for men and for all human beings. The authors analysed include Robert Charles Wilson, Geoff Ryman, Samuel R. Delany, Richard K. Morgan, John Scalzi, Iain M. Banks, Ernest Cline, James S. A. Corey, Colson Whitehead, Andy Weir, Daniel H. Wilson, Ian McDonald, Yoon Ha Lee, Tade Thompson, Neal Stephenson and Kim Stanley Robinson.

The Transgressive Iain Banks Martyn Colebrook, Katharine Cox, 2013-08-01 This collection of 12 new essays brings together prominent literary experts to explore the importance of Scottish writer Iain M. Banks both his mainstream and science fiction work. It considers Banks as a habitual border crosser who makes things fresh and new by subversive and transgressive strategies. The essays are divided into four thematic areas: the Scottish context, the geographies of his writing, the impact of genre and a combined focus on gender, games and play. and will be of particular interest to scholars of contemporary literature, Scottish literature and science fiction.

Scoundrels, Monsters, and Special Circumstances

Hachette Assorted Authors,2010-10-04 Orbit is pleased to present a selection from each of our upcoming titles for Fall 2010 Inside you ll find everything from king stealing thieves to zombie hunting couples We have the newest Iain M Banks novel Surface Detail Greg Bear s triumphant return to deep space SF with Hull Zero Three new novels from urban fantasy greats like Lilith Saintcrow and Jennifer Rardin We re especially pleased to introduce debut author Rachel Aaron with her three rip roaring fantasy adventures in three months

Iain M. Banks Paul Kincaid,2017-05-12 The 1987 publication of Iain M Banks s *Consider Phlebas* helped trigger the British renaissance of radical hard science fiction and influenced a generation of New Space Opera masters The thirteen SF novels that followed inspired an avid fandom and intense intellectual engagement while Banks s mainstream books vaulted him to the top of the Scottish literary scene Paul Kincaid has written the first study of Iain M Banks to explore the confluence of his SF and literary techniques and sensibilities As Kincaid shows the two powerful aspects of Banks s work flowed into each other blurring a line that critics too often treat as clear cut Banks s gift for black humor and a honed skepticism regarding politics and religion found expression even as he orchestrated the vast galaxy spanning vistas in his novels of the Culture In examining Banks s entire SF oeuvre Kincaid unlocks the set of ideas Banks drew upon ideas that spoke to an unusually varied readership that praised him as a visionary and reveled in the distinctive character of his works Entertaining and broad in scope Iain M Banks offers new insights on one of the most admired figures in contemporary science fiction
